Stat super his jaculo perfossa Columna minaci,
Et semper vigilans in statione sua est ;
Corrigo perfossam : perfossum dico Columnam,
Nam Wrboslai concidit ille manu.*

um TABULARIUM STEMMA-

boraveram, seu Tabulas Genealogicas
Coronæ Regni bujus (id est: Bohe-
miæ, Moraviæ, Silesiæ) publicare, &
Typi auxilio tandem in lucem proferre
decrevissem, hoc primum in deliberatio-
nem venit: cui potissimum inter omnes
Regni Procures initialem Tabularij Li-
brum offerrem, & in cujus nomine is apparere aptissime, & conveni-
entif-

entissimè posset. Deinde succurrit nulli aptius Genealogicas Tabulas dedicari, quàm ei, cujus Familia omnibus illis Provincijs, quarum Genealogias confeci, notissima, & in Nobilitatis Majoris censu, & nunc, & olim numerata fuisset, quæquè ab omni memoria apud nos habitasset, aut habitaret, & quoddam Nobilitatis probæ, & obryzæ testimonium singulis daret, quod rejicere, & aspernari ignorantes, & nostrarum rerum rudes neutiquam possent. Inventa est Fa-

Bohemia.

milia Tua ILLUSTRISSE & EXCELLENTISSE DOMINE COMES, non modò Coronæ nostræ, sed universo Slavico nomini notissima, celebratissimæque: nam ut de Bohemia nostra in primis loquar, quid notius esse potest, quàm quòd multis Conjugijs nostri Proceres Stemma Vestrum honorârint, & vicissim à Vestris sint honorati? MAXIMILIANO II. Cæsare imperante, Georgius de Martinicz Regni Cancellarius lectissimam Matronam Elisabetham Bruntalskam Baronissam de Wrbnæ in Conjugio habuit, quæ etsi nullam Illustrissimo Heroi Martinicio Conjugi Prolem attulerit, eum tamen amorem ob mores suavissimos & Conjugij charitatem aliàsque dotes rarissimas commeruit, ut Cancellarius, cum Clypeum suum in Arce Regia Krzivokladensi expingi jussisset, in suæ quoque amate conjugis memoriam, Wrbnæorum Clypeum, ut hodièque videmus, jussit appingi: reddidisti vicem Martinicijs hæc ætate nostrâ EXCELLENTISSE COMES, & Martinicium sanguinem Tuæ Genti infudisti. Habet igitur quod in Te, & honoribus Tuis Bohemia suspiciat, amet, admiretur.

Moravia.

Moraviæ Marchionatus plenissimus est Wrbnæorum hodièque perstantibus memorijs, potestque certissimò demonstrari, trecentis propè annis Comites Wrbnæos in ea Provincia, & Ditiones possedisse, & supremos Magistratus gessisse.

Silesia.

Silesia antiquiora Wrbnæorum Comitum suppeditat monumenta: Tutores Ducum Silesiæ, Episcopi Wratislavienses, obli-des pro bono Provinciæ dati, Duces bellorum non pauci, Fundatores Cœnobiorum (Grissoviensis & Swidnicensis) Sacrorum Dotatores benefici, & quis omnia enumeret?

Polonia.

In Celeberrimo & Nobilissimo Poloniæ Regno Wrbnæi Comitum titulo, quem Wrbnæis omnibus OTTO II. Imperator ab annis sexcentis, & pluribus confirmavit, etiamnum gaudent, & iisdem omnino militaribus Clypeis insigniuntur.

In

In Gallia Originarius Inclytæ hujus Stirpis Wrboslaus Comes circa Ann: DCCC. XCV. nomen suum immortalibus factis celebre reddidit, & ex illo gloriosissimo Regno, ut Scriptores consentiunt, terrena Gallorum lilia in Patriam reportavit.

Gallia,

Possẽ etiam testimonium adferre V. Cl. Petri Lambecij de Germania Provincijs, ac nominatim de Saxonia; sed quia controversa res est, alio loco opportunius tractabitur; hoc solum ex his exemplis confici vellem: Comites Wrbnæos in Provincijs quæ Coronæ Bohemiæ uniuntur, & quodammodo uno cinno adstrictæ sunt, ab omni memoria censes esse, & in patria Nobilitate inter Procere summos in sacris & profanis, toga & sago spectatissimos, ante Reges stetisse, ut, quod olim Imperatoribus Romanis adulatio populorum, atque ipsi sibi stultâ cupiditate honorum tribuebant, ut Sarmatici, Africani, Numidici, Parthici, Getici, Germanici &c. &c. in nummis superbè dicerentur, idem sed modestè, & quadam proportionẽ Wrbnæorum Familiæ tribui possit, quæ in tot Provincijs Regni nostri sedes, & fortunas suas collocarit. Quo in genere usquẽ ad supersticiosam anilitatem, & anilem superstitionem progressus est Romanæ Urbis Pater, & Conditor Romulus, qui ut in Plutarcho (in vita Romuli.) legimus, dum conderet Comitium seu Comitiale locum, ingentem fossam egestâ humo fieri jussit, in quam fossam ex diversis Provincijs terram collectam iniecit, atque ita commiscuit, ut nihil à Romano solo diversum appareret, fossam illam eodem prorsus, quo Coelum nomine Mundum appellans, jam tum magnitudini Romanæ præludens Præfagio, in Orbem universum Romani dominatus. Ridicula hæc prudentibus meritò videbuntur; quasi verò Dominatio Orbis pugillo terræ pararetur; animis inesse debent, quæ Regionibus diversis placeant, & Familias Illustres commendent. Homerum, ait noster Tullius: Colophonij Civem dicunt esse suum, Chij suum vendicant: Salaminij repetunt. Hoc Familiæ Tuæ ILLUSTRISIME COMES accommodari potest. Non recusabit igitur Regni Nobilitas, si Tuis AUSPICIIIS sui Majores jam pridem non tam marmoribus, quàm oblivione sepulti protrahantur in lucem; sed hæc Wrbnæis communia: quid si ea adferrem, quæ Te propius contingunt COMES ILLUSTRISIME? Sublimes ingenij dotes; educatio in Aula maximi Principis propè Principalis; humanitas illa Tua; moderatio in negotijs omnibus; Prudentia, Experienciâ, & scientijs omnibus, in quibus Tu vivis, acquisita; Magistratus ex justitiæ legibus gesti; Ti-

Saxonia,

tuli & honores virtuti Tuae potius, quàm Tibi (si hæc dividi possent) collati; Non fefellere mentem Augustam, neque unquam fallent, quæ Tibi aut jam imposita sunt, aut imponentur aliquando secundissima, de Te Regij favoris, & gratiæ argumenta. Plura adferrem, nisi modestiam tuam vulnerare, aut, ut ità dicam, cruentare pertimescerem: laudes enim sæpe à bonis & moderatis pro vulneribus accipiuntur, ideoque ut ait quidam: suspensâ manu, ut vulnera, sunt tractandæ. DEUS Te Religioni & DEO, Patriæ & bonis omnibus quam diutissimè servet incolumem!

Ità vovet & apprecatur ex animo

Ad benevolum & benignum Lectorem.

Pus multis desideratum, atque etiam Amicorum,
frequentibus jurgiis flagitatum, tandem aliquando
in lucem profero; quâ in re *Horatij* monitum abundè
explevi, qui *nonum in annum* jubet premi lucubrati-
ones, quas perennare velimus; at ego tricenis am-
plius annis hæc Stemmato-graphicas Tabulas in pluteo clausas tenui,
& adhuc timidè evulgo: quàm enim difficile est Illustrium Familiarum

(†)

nomi-

nomina sæpe in Historiarum marginibus malè hærentia investigare, conciliare, & ad liquidum adducere, & ex incertis certa facere, quæ sæpe etiam ij de quibus agitur, ignorant, & lucis loco tenebras offundunt Scriptoribus, mulierum vetularum falsis narratiunculis decepti, aut inanis gloriæ aucupio à sacrae veritatis linea in transversum acti!

I. Quatuor itaque mihi in præsentī Opere præcipuè & necessario præfanda sunt: Primùm: profiteor: *me ex nihilo aliquid facere non potuisse & non posse.* Solius DEI & infinitæ ejus Potentiæ id tribuitur, *qui vocat ea, quæ non sunt, tanquam ea quæ sunt.* ergo si quorum Origines posteritati traditæ non fuerunt, aut incuriâ Familiarum amissæ perierunt, quâ ratione post tot sæcula eam felicitatem promittere sibi Scriptores poterunt, ut inter telas arancæ, ambefas à muribus vel blattis chartulas deprehendant vetustissimæ alicujus nobilitatis Imagines, totâmq; Gentis œconomiam & descriptionem explicantes, Domino plerumque nihil se commovente, & quasi res sua non ageretur nihil adjuvante? aut ambustas bellis, aliisve temporum injurijs corruptas, vietas, tineofas, &, ut alia absint, antiquo Scripturæ genere exaratas literas, securis & certis oculis perlegere, & rectè discernere, & discriminare possint? alia est *Stemmatographiæ Bohemiæ*, alia *Imperij Germanici*, aliorumque Regnorum conditio! isti in publica Imperij luce eminuerunt semper, & in *Circulis* Germaniæ, & Regnorum Tropicis honoratissima munia gesserunt, quos velut Sol illustrabat *Imperator; Nostri*, maximè primis Bohemiæ sæculis, nihil sibi cum Germanis, si paucula connubia excipias, commune esse voluerunt; *isti*, tot habuere Scriptores, quot eruditæ in Cœnobijs manus fuerunt; *Nostri* tardiùs susceptâ Christi Religione, more Barbarico non penas Scriptorias, aut papyrum & atramentum versabant manu, sed equum, hastam & frameam agitabant, unde Campi sanguine natarent, & sæcundarentur. Memini me in Lib. III. Miscellaneorum à C. 21. Centum septuaginta septem magna prælia numerasse, quæ in Bohemia perpetrata sint; at *currum belli* semper incendia comitantur, quæ omnem Majorum sepeliunt memoriam; nullum tamen exitius, & nocentius antiquis monimentis bellum fuisse existimo, quàm quod *Ziskâ & Procopio Rasô* Ducibus excitatum est, in quo centum eoque plura Religiosorum domicilia, cum innumeris Familiarum Illustrum Originibus & documentis arserunt, quæ magnam partem in sacris illis Archivis (ut in omnibus Europæ Regnis amat fieri) conditæ servabantur. Incendijs etiam conciderunt *Ecclesiæ Collegiatae viginti quinque* plenæ vetustatis, & Originum antiquarum; subtracto solo, perit omne, quod inædificatum est, & quod incendio corrumpitur, pro-

propemodum ex natura rerum amittitur, cum in aëre & igne nihil scribi & legi possit. Hæc cogitent, qui à Nobis plura, antiquiora, & copiosiora Stemmatographiæ lineamenta desiderant; facile à Prudentibus & cordatis veniam obtinebimus, potissimum si Nobilitatis status ab An. 1620. attendatur, abeuntibus è Patria, potentioribus Nobilium, & Civium, quorum ad triginta quinque millia, solum Famili-^{Slavata in} arum capita (sine liberis & parentela) computata fuisse, ^{Apolog. com-} *Slavata* ^{tra Comitem} *Cancellarius Regni, in Historia suorum temporum* affirmat, quod etiam ^{Turn.} tabularum publicarum autoritate & fide constare, idque se anxie & sollicitè indagando comperisse scripsit. Hi verò plerasque omnes Nobilitatis suæ memorias aliò transtulerunt, quas Nos post tempus frustra repetimus, in Regionibus, quâ Exulibus iter fuit (in *Hollandia, Anglia, Polonia, Prussia, Saxonia, Dania* atque etiam *Svecia*) relictas & amissas.

Alterum quod brevissimè præfandum est, idque *Lectores* meos II. notare magnopere velim: me in hoc Genealogico opere nullam aut antiquitatis, aut dignitatis, aut rerum gestarum rationem habuisse: *Equites, Principes, Duces, Comites, Barones*, nullo ordine legentur, ut ex pluteo extracti sunt. Nimum mihi tribueretur, si quis ex hoc opere meo gradum aliquem super alios sibi arrogaret. id esset, ^{in Proverb.} *in mustaceo laurum querere*. Alibi Ordinem, qui *anima discipline ap-* ^{Aristoteles.} pellatur, studiosè quæsimus, hîc maxima laus erit omnia confudisse, cum Genealogiam meam innocentem, & nulli præjudicium facere velim. Agmen columbarum gratiosè, & cum quadam Symphonia, ^{Philosr. in} quæ excitant pennis, circumvolitare videmus & audimus, & tamen ^{Dodona.} sine ordine volitant, & incertum in volatu tenent locum: ità & Cervi in flumine superando modò primi, modò ultimi, capite in dorsum, antecedentium pondere inclinato enatant ad ripam; quin & aquaticæ aves, etsi ordinem non servant, literas tamen exprimunt, & *literatæ* à Philologis vocitantur. Hoc igitur exemplo chartæ Genealogicæ meæ volitabunt, & quamvis absque Ordine, literatum agmen efficiant bonâ gratiâ lectorum, quos jam propitios mihi esse, & consilium meum, ubi intellexerint, approbaturus confido.

Erunt tertio, qui hisce tabulis Gentilitia signa & Clypeos abesse III. dolebunt, ut uno aspectu & nomen, & genus Nobilitatis intelligant; sed his in *Stemmatographia* satis fiet: nam si hoc loco Clypeos sculpi curâssem, sæpe ijs locus defuisset, & peculiari labore & sumtu imprimendi fuissent, quos postea in Stemmatographia per Phyliras nullo negotio multos simul (si Superi vitam prorogârint) imprimemus: res enim apud me angusta, paucis sumtus suppeditantibus, non finit, ut ità dicam, ampullari, & alas nido majores extendere; qui præstare ista

ista possunt, per me licet etiā aureis & gemmeis coloribus Clypeos suos
hisce Tabulis appingant.

IV. Extremum punctum ad mei defensionem & hujus Genealogici
operis pertinet, quod dolenter cū obiceretur à Viro Philosophicis
& Theologicis scientijs insignitè exulto, audiivi ipsemet, & leviter
(sic enim faciendum erat) refelli. *esse in Genealogicis Tabulis meis a-*
licubi hiatus, & lacunas: hic nomen Conjugis desiderari, illic nomen
propriū Viri &c. itaque jubebat illos hiatus impleri. Nihil dictu fa-
cilius! ego contrā monebam, ut ipse hiatus illos impleret; ille se ne-
scire respondit. contrā iterum ego: me post annorum triginta inquisi-
tionem non potuisse ad originem pervenire; antiquitatem Familiæ ob-
tendi, esse annorum quadringentorum, octingentorum, imò mille
annorum; quod in tanta antiquitate non reperi, me fingere non po-
tuisse; rogavi, an aliquando Genealogicas Tabulas aliorum Scripto-
rum inspexisset? an *Bucellinum*, an *Rittershusium*, an *Imhoffium*, an *Hen-*
ninges, an *Reisnerum*, an *Spenerum* &c. legisset, in quibus omni-
bus, defectu monumentorum, præcipuè in Bucellino, plurima N. &
Proverb. vacuitates apparerent? cū negasset ille, exarsi fateor, & dixi: *cæci de*
coloribus judicium apud me nihil valere, denique, quod *Anacharsis*

Diog. Laërt: monebat: *artifices de artificibus optimè judicare.* His nihil quod adjici-
de Vitis Phi- am habeo. Tu ave Lector Erudite, & faventiora judicia de ijs, qui bono

Posteritas extincta, sed mille votis exoptatur.

Ad Lectorem.

Notet curiosus Lector, grandem Errorem Bartholomei Paprocij in speculo Moraviae, qui dicit Dionysium Slavatam confudit in unum; ponit enim eundem Dionysium Slavatam exisse, & obiisse Georgium Podiebradum in Regem Boh. An. C. 1432. & illum ipsum habuisse uxorem Elisabetham de Novadomo, qua fuerit soror D. Joachimi de Novadomo, qui obiit jam sup. Cancellarius Bohemiae A. 1505. unde necessario sequeretur: quod D. Dionysius Slavata minimum centum annos expleverit, quando Elisabetham de Novadomo accepit in Conjugem, quodque est mirabile, & prorsus incredibile, Centenarius ex ea quatuordecim Proles genuerit. quod si factum fuisset, sine dubio Majores nostri annosissent.

Sacr. & Pessina in Marte Morav. l. 2. c. 5. & patet ex Cypheis antiquorum Principum, & ex Sigillis Literarum, Fundatione Monasterij Brzecnoviensis, & in Archibus Cladrub. & Georgiano. &c. Aquila nigra in campo flammeo fuit Insigne Regionis ipsius Bohemie, quod Czechæ attulit; unde in Sigillis Princeps tenet Vexillum in quo Aquila, infra autem ad pedes Clypeum habet tribus lineis notatum. Talem Cypheum cum tribus fluvijs gestasse Przemyslaum Libuffæ maritum docent antiqui Scriptores V. Pessinam l. 2. c. 5. Martia Morav. Ob hanc causam Familia, quæ à Przemyslaeis Ducibus Bohemia ortum habent, v. g. Slavatzæ, Ssvihovvskij, & Czernijnij tales gestant lineas, licet coloribus diverfas, ut fieri solet in divisionibus Familiarum illustrium. Porro Przemysl non fuit rusticus, sed Vir Nobilis (ut ostendit Weleslavinus: nebyl Moráč / než Drožený Pán) Stadicij Dominus; nec refert, quid araverit; olim hoc non fuit indecorum; constat ab aratro Consules & Imperatores Romanos vocatos.*

Ex his aperte colligitur: Slavitarum duplicem esse Originem: Primam ex Pannonia & Majoribus Zuardis; alteram ex Przemysslo Stadicensibus, sed hac Origine eademque, est, si Przemysslaum ex eadem cum Zuardo Familia ortum esse dicamus, quod necessario dicendum videtur.

De Origine Inclytæ Stirpis Slava- tinæ, Magnorum Procerum in Bohemia, & Moravia.

*Ante omnia scire oportet: I. Slavatas ve-
 res tria lumina seu lineas celestis seu ceru-
 lei coloris, in flavo seu aureo Campo gestasse
 in Clypeis, & præter hos supra Galeam, Scy-
 phum eisdem tribus lineis notatum, ex quo
 Scypho procedunt septem pennæ Struthionis,
 quarum media est flava, reliquæ sex albae. Id
 esse testatur Paprocus in Stemmatogra-
 phia, & pictum videmus in Arce Kossumberg
 & alibi mille locis, atque hinc sequitur Sla-
 vatas prodixisse ex Familia Scyphorum, qui in
 Italia Caraffæ, in Polonia, Ungaria, Rus-
 sia &c. Korczakij; apud Slavos & Bohemos
 Cziffove (Czisse enim nobis est Poculum)
 appellati fuere. Ita Authores paulo post

*II. Scire oportet Familiam Scyphorum

 lumina significare Tysam, Savum, & Danu-
 bium, inter qua lumina primitus hæc familia
 confedit, cujus stirpis Amplificator fuit Zo-

ab Avis, Atavisque deductam *Genealogicâ Tabulâ*, quæ seriem Familiae exhiberet, comprobare & subscriptione Testium Nobilium firmare non posset. Reperiuntur enim nonnulli, quorum Majores ab origine prima Nobilissimi fuerint, postea tamen eorum Posteriores ignobili aliquo sanguine sese quodammodo contaminârunt, & amoris, vel avaritiæ vitio, vel alio quopiam sequiori affectu in transversum acti & rapti, nullo primæ Nobilitatis respectu, Conjugio ignobili & se & Posteriores suos *Nobilitatis prerogativâ* privârunt, neque possint *Patris & Matris* nomen, quin erubescant, proferre; persimiles illi *Mulo* in Fabulis, qui rogatus Parentes dicere, nihil aliud reddidit, quàm *se esse Equi Nepotem*. Ex hoc severo Nobilitatis examine & censura, plurimæ utilitates in rem privatam & publicam promanant: nam primùm ordo in Republ: & discrimina statuum, & quædam concors discordia conservatur, ex qua velut in Symphoniæ choro gratissimus quidam concentus efficitur in Regnis, cum non omnia omnibus ambientibus patent, & conceduntur, sed per gradus meritorum ad officia & dignitates ascenditur; deinde magni interest Posterorum, nè inæquali & indecoro conjugio Parentes decorentur, & filios antequam nascantur, ut ita dicam, ignobilitent. Est igitur *Genealogia* quidam *Thesaurus & Patrimonium Nobilitatis*; est *compendium*, quod sub unum aspectum Majorum nomina & virtutes collocat; est *Ilias in nuce*, ut eâ inspectâ ad eadem facinora excitentur Nepotes. ac velut ij, qui peregrinationem aut navigationem, in alias aliâsque terras & Urbes, atque etiam in novum Orbem cogitant, in brevi tabula longè antè itinera designant sibi, & depingunt, & Provinciarum & urbium nova nomina, portus & littora addiscunt, valétque in eos illud veteris Poëtæ:

Propert. in

Ariadne.

Cogimur è Tabula pictos ediscere Mundos;

Perinde & isti, quam Majores eorum virtutis viam tenuerunt in Majorum nominibus recognoscunt; hoc uno discrimine: quod *Geometricæ Tabulæ* sæpe decipiunt insipientes, & incerta per certis obtrudunt, jam *ignotas Insulas, conglaciata maria, terras Fuego, Psittacorum aut Simiarum Patriam, aut Barbariam* Lectori curioso exhibentes; in *Tabellis* verò *Genealogicis*, nulla sit error venia, ut pro grandi piaculo accipiatur, vel unicum è Majoribus ementiri; neque id, quantum existimo, in tam memori Nobilitate fieri potest, cum in unica Tabula quaternæ aut senæ Familiae nominentur, quæ Majores suos, si quid peccatum fuerit, non sinent confu-

fabellis & mendaciunculis aspergi & implicari. Neque Tamen nostris pretium inde decrefcit, quòd breves fin t, & uno folio circūfcribantur, fed potiùs pretium augetur, cùm velut aurum, & gemmæ minores, excellentiâ naturæ molem, & magnitudinem cæterarum, omnium rectè fentientium æftimatione, longè fuperent, velut pauculi adamantes & uniones poffunt Regnorum ætæ continere, ut qui eos manu contractâ teneat, non *Philofophicè*, & *ſtoicè*, fed re ipſâ gloriari poffit: *omnia mea mecum porto.*

Jam verò cui congruentiùs pretioſas hæſce Nobilitatis Patriæ merces offeram, quàm TIBI ILLUSTRISſIME ET EXCELLENTISſIME COMES? cujus Nobiliſſima Stirps nullam aliam originem reſpicere poteſt, quàm *Czechiacam*, quæ, ut ſuper oſtendi, ab Imperatoribus & Regibus, & Imperio Romano, Germanico, imò ab univerſa Europa probatiſſima, & obryza ſemper preſt habitata: hoc ipſum ILLUSTRISſIMÆ TUÆ GEN- TIS indicat nomen WRATISLAW, non caſu aliquo, aut blandientium ſibi Parentum adulatione, glorioſè magis, & ex bona aliqua ſpe impoſitum, ſed à ſæculis ante nos, TUÆ STIRPI re ipſa, & ob ſalutaria conſilia Regibus noſtris ad Patriæ ſalutem, data, impoſitum, quippe *Vvratislavo, revertentem gloriam* ſignifi-

Legimus in vetuſtis Annalibus, ut in Epitome Hiſtorica cùm à nobis eſt; WLADISLAW II. Duci noſtro à conſilijs fu- rex Nobilitate, Stirpis Tuæ Virum regnandi artibus clarum *Vvra- tislavo nomine*, cujus prudentiſſimis conſilijs, quatenus uti voluit *Wladislaus*, feliciffimè & omnium hoſtium Victor regnaverit, om- neſque æmulorum & rivalium ex Principum ſanguine, qui tunc vi- ciſſimum numerum ſuperabant, inſidioſas artes eluſerit, atque in- ſuper primus Bohemiæ Ducum *circulum aureum*, deinde etiam *Re- gam Coronam à Friderico I. Cæſare* in præmium conſiliorum, & Bel- lorum pro ſacro Imperio feliciter geſtorum reportarit. Hanc Conſiliorum felicitatem & gloriam ſemper habuit *Stirps Vvratista- viana*, ut latiùs & clariùs in Stemmatographia oſtendetur, atque tot munijs Regni & militaribus & pacatis virtutibus, terrâ, mari- que Patriam & Genus illuſtravit.

Accipe igitur COMES ILLUSTRISſIME hæc noſtræ Nobilitatis cimelia, & antiquitatis theſaurum! ſit hoc vene- rationis meæ quale quale documentum; ego certè medullitus gau- deo oblatum mihi tandem aliquando tempus, quo obſequium, &

Sed nunc extremâ mea linea tangitur umbrâ. Quod olim Romæ Naumacharios prælium inituros prætereunti Imperatori Claudio acclamâsse scribit Svetonius: *ave Imperator! morituri Te salutant!* Idem ego nunc repeto, & affectu pronissimo, rectisque sensibus moriturus Te saluto, & Te, Tuâmq; ILLUSTRISSIMAM FAMILIAM, Patriæ consilijs, & ope salutarem, quàm diutissimè annare, & perennare bonis omnibus florentem exopto!

LECTORI

SALUTEM.

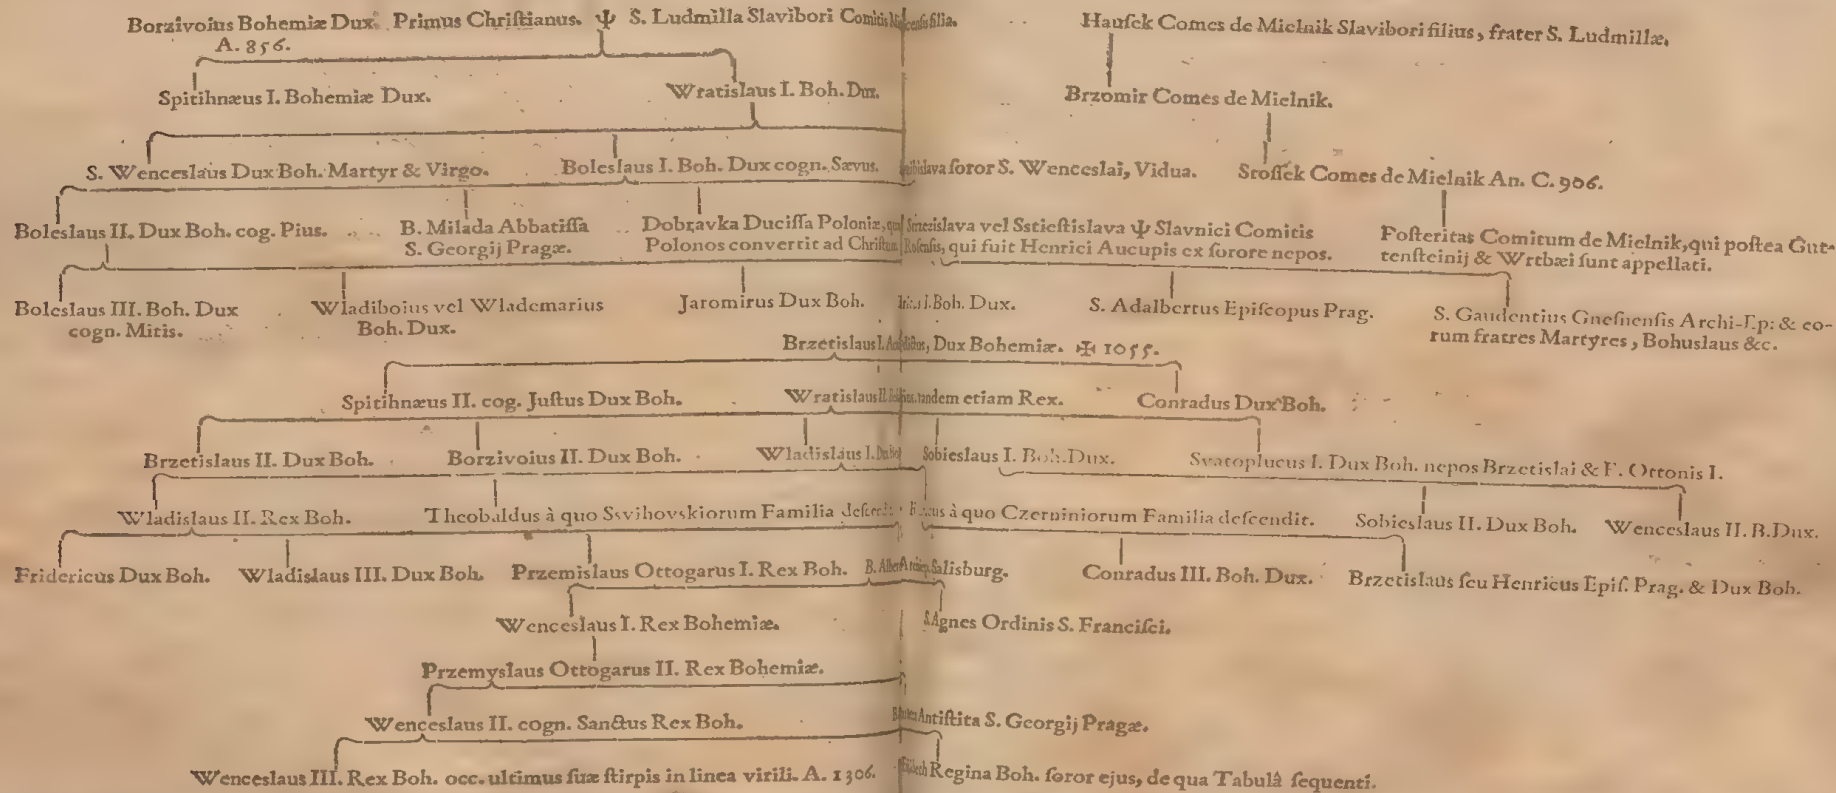

Has Genealogicas Tabellas, quæ sequuntur, confeci in honorem Principum nostrorum à Borziwoio & S. Ludmilla ejus Conjuge descendendum, quorum sanguini tam copiosè benedixit Deus, ut omnes omnino Reges, Duces ac Principes, & quidquid est in Europæ Nobilitate Illustre, omnesq; Natalibus inclytæ Familæ, vel virili, vel Fæminæ à sanguinis linæ à ab his duobus sanctissimis Conjugibus descendant. Voluit fortasse Divinitas eorum honorare virtutem & in Fide Christiana constantiam præmiare, cum essent Primi apud Nos Christiani, & Dux Borziwoius quidam Bobemiam, quam obtinebat, amittere maluit, & in exilium abire (quanquam ope Virginis DElparæ, cui Basilicam voverat, quam hodièq; stantem in Pragæ Veteris foro videmus in solium Principale restitutus est) Ludmilla verò ejus Conjux etiam sanguinem religioni impendit, & ab Ecclesia in Album Martyrum inscripta colitur Officijs divinis ad 16. Septemb. ut verum sit illud, quod sæpe à Nobis repetitum est: Sanguis Martyrum semen est Christianorum; quam ob causam melleus Ecclesiæ Doctor Ambrosius ingeniosè observat lib. 1. de Fide resurrect. vitam esse præmium mortis, quàm multi, inquit, vitam solo mortis titulo consecraverunt! & post: unde & David propheticè gloriatur in suæ mentis excessu: Pretiosa, ait, in Conspectu Domini Mors Sanctorum ejus; (Psalmus.) mortem maluit præferre, quàm vitam, ipsa enim mors Martyrum præmium vitæ est. Ex sanguine igitur Bobemiæ Principum tot nomina Regum & Imperatorum prodiere; nec refert, quòd ea sanguinis derivatio per fæminas deducatur, cum certum sit apud rerum naturalium peritos, nihil minus filios à Matribus, quàm à Patribus in ortu suo ac fortè etiam amplius, accipere. Gratulandum est Bobemiæ Nostræ, ad quam tot Illustres Familæ, quas hîc recitabimus, respiciunt, ac gloriosè suas & suorum Origines referre possunt; servient hæc tabulæ Genealogijs omnium Regum ac Principum Europæ cognoscendis.

Equitum & Comitum Zdiarskiorum de Zdiar, nunc Germanicâ inflexione de Sora, origine primâ nondum investigatâ; quantum ex antiquis Familiae Monumentis mihi communicatis, intelligere licuit.

Antiquissimam Memoriam inveni Stanislai Zdiarsky de Zdiar, qui fundavit Ecclesiam in Zdiar An. 1080. Sed id mihi maximè suspectum est ob nomen Stanislai, quod longè post inclaruit. Certiores sunt Memoriae à Bellis Hussiticis, post An. 1420. quas in Stemmatagraphia adducam: Joannes enim Smikufsky de Zdiar præclarè se gessit adversus Hussitas, & in Comitibus An. 1430. multum ad pacem sub Casare Sigismundo contulit.

Cunegunda Bukovskiana de Hustrzan, unde occasio data est Illustriss. D. Georgio de Nachod Lichtemburgicæ Insignia (que olim etiam ante 400. an. Barones de Nachod gesserant) uti etiam titulum à Cesare perendi, eodémque Cesare ob fidelitatem & maxima ejus merita consentiente, utpote suorum Patruelium gestandi; in factum est, ut Nachodij Insignibus Lichtemburgicæ Insignia miscerentur, & Comites de Nachod imposterum etiam de Lichtemburg, & L. B. de Colmburg scriberentur.

Familia Nachodiana ab eadem origine à qua Berca descendit An. 1273. tum ab Ottogaro Bohemiæ Rege Hron de Nachod à Rudolfo I. Leonem stantem, ut antè dixi, accepit. Tulerunt hunc Clypeum Leonis Nachodij, imò etiam Liechtenbergij, isti paulò ultra Caroli IV. tempora, illi autem usque ad nostra: certè in Aula Caroli IV. ubi omnes Familie, quæ Carolo IV. serviebant in Aula, cum suis Clypeis annotantur Liechtenbergicorum Clypeus est: Leo niger totus coronatus in Campo albo; Clypeus autem Nachodiorum quadripartitus: in dextra parte superne est campus caruleus, & in eo una slava linea, in sinistra & superiore Clypei parte spectatur in flavo campo Leo niger coronatus & semel caudatus stans in extremis pedibus, tertia & quarta Clypei pars inversam continet partem superiorem, ut tertia sit eadem qua secunda, quarta eadem qua I.

Nachodij igitur hoc Clypeo omissò, usque ad nostra tempora Leonem sine quercubus tulerunt, tandem Ferdinandus II. Cesar ob bona Georgij de Nachod merita, & Comitum titulum adjecit, & Clypeum quercubus Berkianis auxit, ut Nachodios veros esse Berkas cui libet constaret. Huic rei non parvam occasionem dedisse videtur interitus Dominorum de Lichtemburg, qui se liberos

tur an habuissent Zerotinum quia genuit Elisabetham de Zerotin, & erat Domini B. Prazmæ, ex qua Petrus, Nicolaus, Benes, Helena & Joannis Petrvaldski conjugio nata Catharina Petrvaldskia uxor Hieronymi Sirakovsky in Polonia in Morav. venit. Papr. in Prazmis, Petrvaldski & Syrakowski.

Circumsertur hujus Familie quadam imperfecta Genealogia, sed ea plurimis scaturit erroribus, & ipsa sibi in Chronologia manifestè non conslet, ut clarè quisque oculatus videbit.

Notandum insuper duas Baronum in Bohemiæ Familias prorsus diversas fuisse Brzezniczky & Brzezynsky; hoc fuit cognomen certæ lineæ Wartemburgicorum, qui in ditone Brzezna residebant; illud autem Nachodiorum, qui in Castro Brzeznic & adiro pago habitârunt, ibiq. Ecclesiam fundarunt. Similia exempla multa in Nobilitate inveniuntur, ut paucis literis à sese differant, imò sepe eadem nomina gerant, qui inter se nullam cognationem habent: ut Hradecky, Lhotsky, &c.

Offertur hæc Tabula reverentissimo affectu Illustrissima & Excellentissima D. D. MARIE Renate Slavatina nata Comitisse de Nachod & Lichtemburg, Baronisse de Kolumburg (sic) ejusque Illustrissimis & gratissimis Prolibus cum voto omnis divinæ & humanæ felicitatis

Cum An. 1679. Augustissimus Caesar LEOPOLDUS pestilentia, crudelissime in Austria præcipue Vienna, grassante, latioris, & securioris cæli captandi causâ ad nos Pragæ cum dulcissima prole, & aula universa, venisset, ipso festo die S. Leopoldi super Cæsarea mensa à nescio quo Aulicorum, mota Quæstio esse dicitur: utrumne Augustissimus Caesar LEOPOLDUS sanguis esset S. Leopoldi, seu utrû ex sanguine ejus, & Genere procederet? constabat inter omne virili lineâ à S. Leopoldo non descendere: siquidem tota D. Leopoldi sapia Babenbergica, vel Bambergica omnibus Historicis consentientibus in Friderico II. Austriæ Duce An. 1244. in acie occiso defecerat; de feminea linea sollicitabatur, an scilicet per feminas deduci possit sanguis S. Leopoldi in Gentem Habsburgico-Austriacam infusus? plerique Aulicorum negabant, eratque eorum partibus Eximius Cæsaris Historicus, & Genealogistes Dominicus Calin, qui se in eam rem inquisivisse diligenter, neque tamen ullum hujus consanguinitatis vestigium deprehendisse affirmabat. ANNO IN QVO AVGVSTISSIMVS LEOPOLDS XXXVIII. ETATIS, NONÂ IVNII INIIIT.

Notæ in Tabula præcedentem.

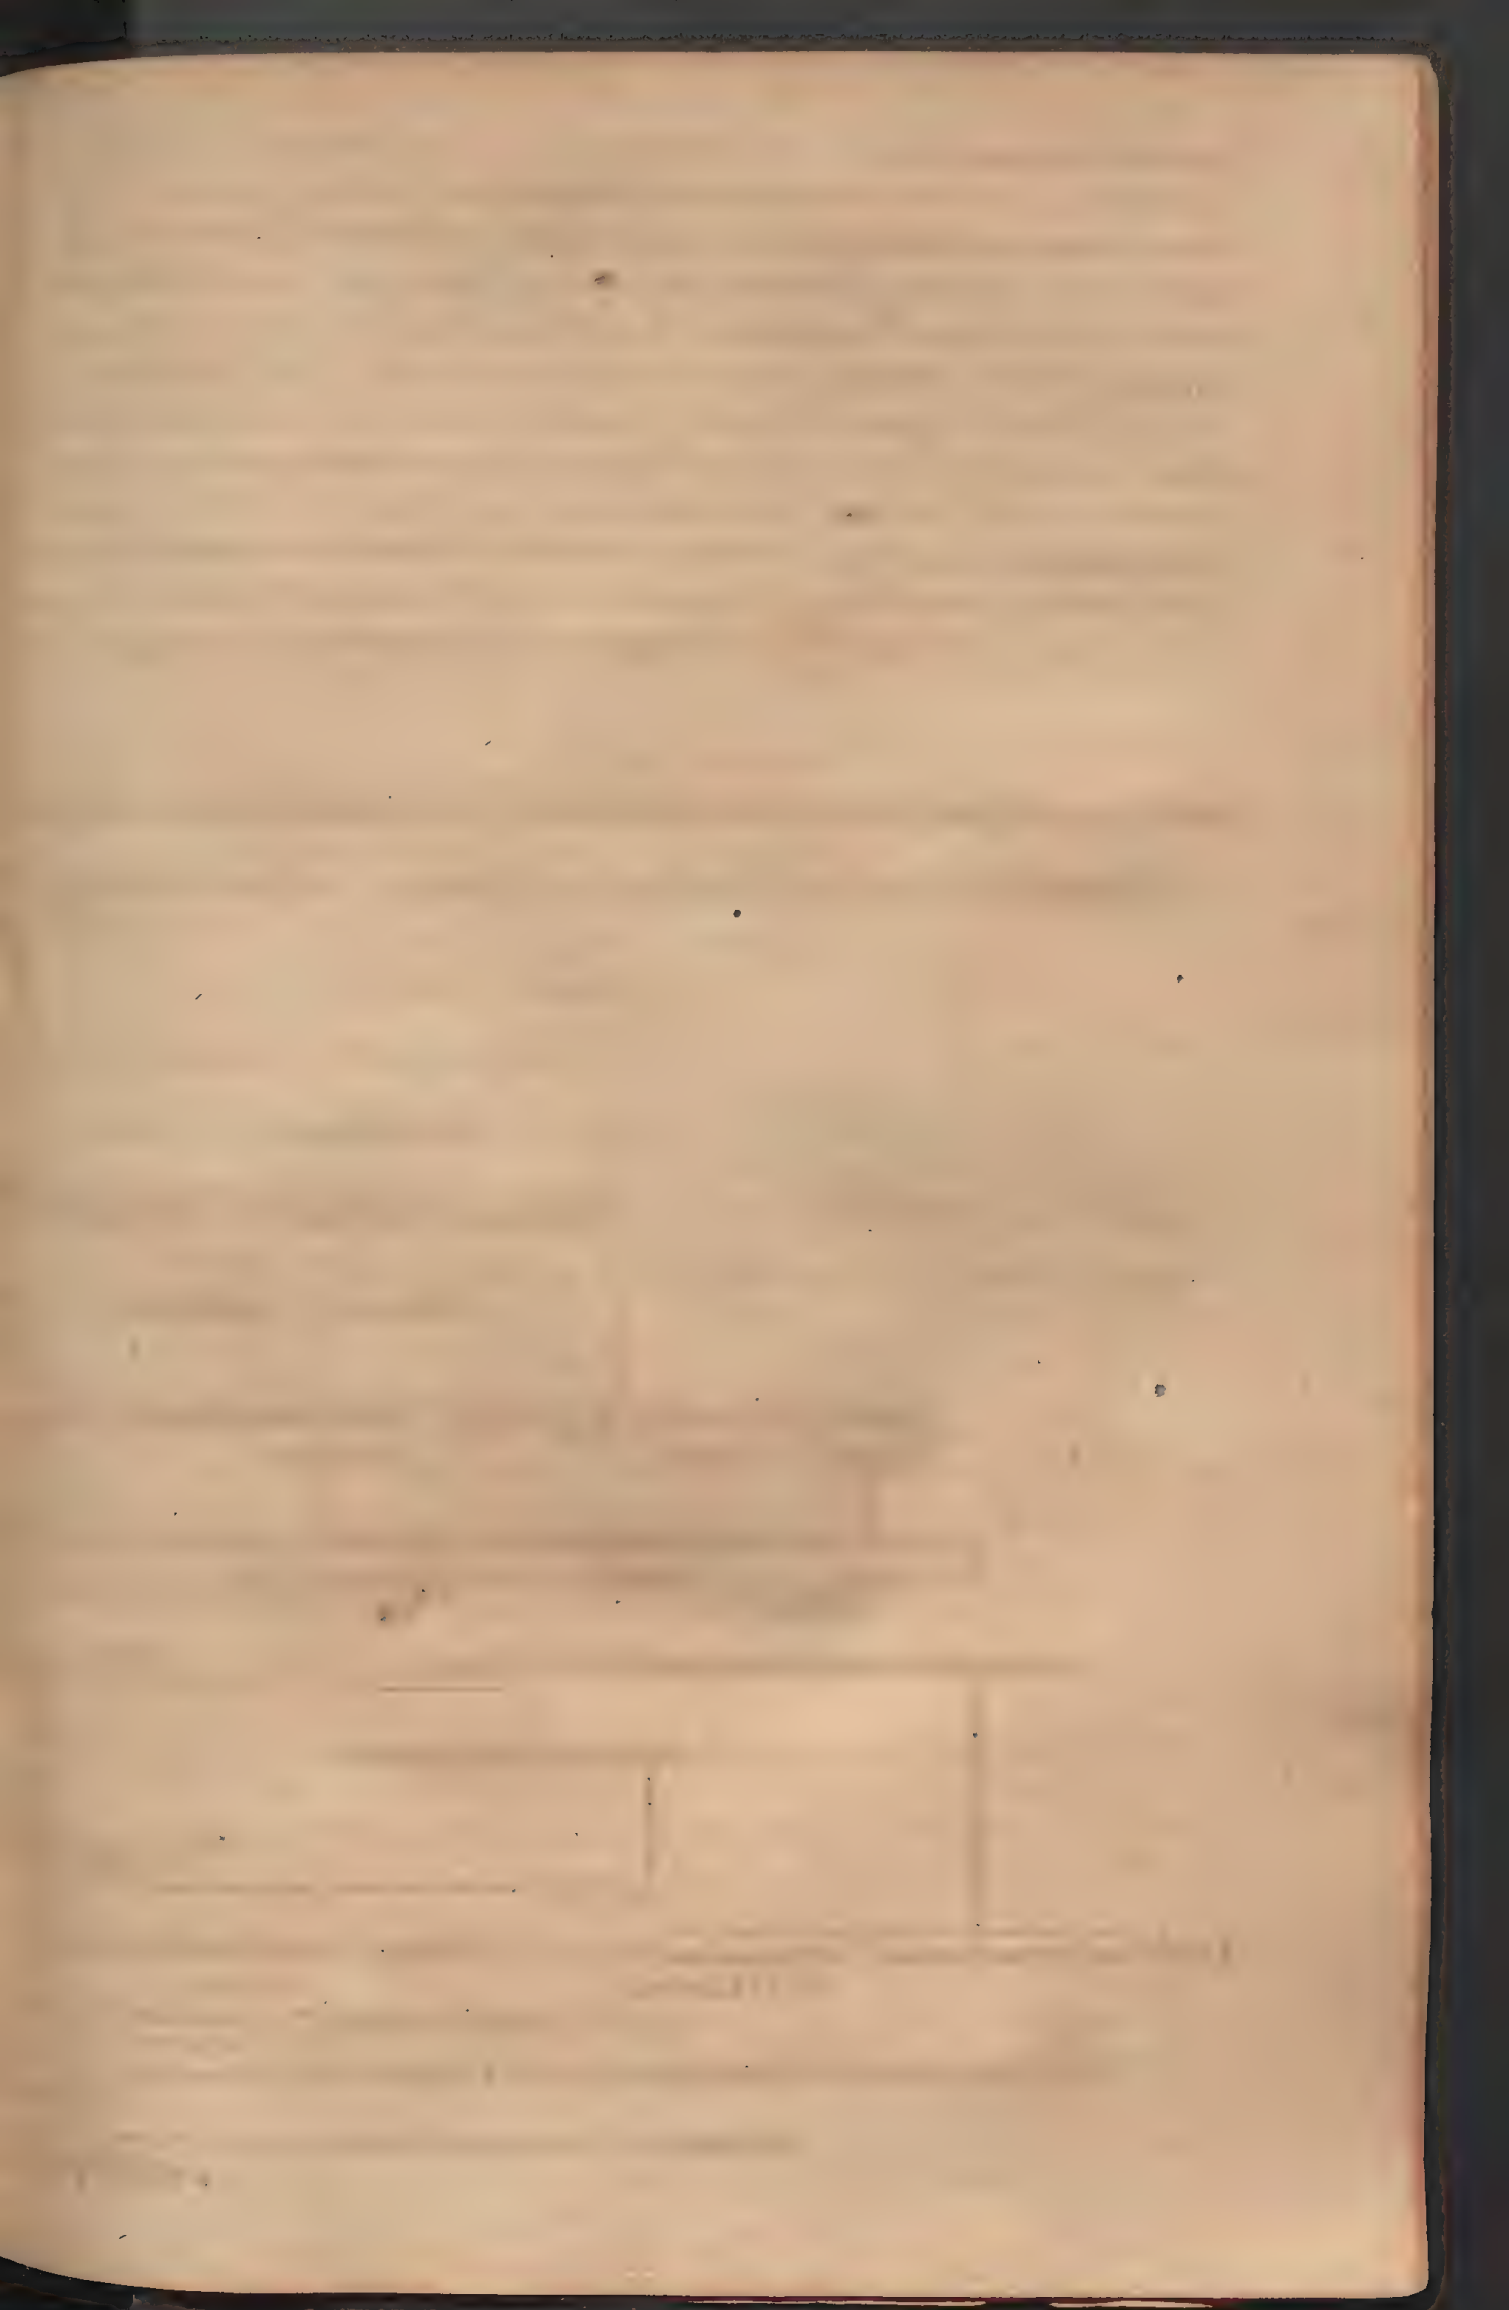

Ante omnia scire oportet: Omnes omnino Genealogistas docere primam conjugem Wladislai II. Bohemiæ Regis sub An. D. 1146. Gertrudem fuisse Filiam S. Leopoldi March: Austriæ; Disertè id affirmat Reusnerus, Speculum Gloriosissimæ Domus Austriacæ recens editum à Birgen, idem docuit insignis Genealogistes Weleslavinus, Hagek, Paprocus, alijsq. omnes.

Certum est secundò: Przemyslaum Ottogarium I. genitum ex Wladislo Rege, in quo etiam omnes antiqui, & novi Scriptores consentiunt.

Controversia tota in hoc consistit (quam quidem ego à nemine motam, sed ipse securitatis historicæ gratiâ mihi moveo, ut dissolvam si quis contrâ pugnet) in hoc, inquam, tota controversia consistit: cum duas Conjuges Wladislaus II. habuerit primam Gertrudem S. Leopoldi filiam ex Agnete filia Cæsaris Henrici IV. susceptam, alteram vero Juditham vel Githam Ludovici III. Thuringiæ Landgravij, & Hedvigis Cæsaris Lotharij filia, filiam; ex utra earum Przemislaus Ottogarus sit genitus? Weleslavinus qui ex professo ista tractat, non constat: nam in Genealogia Regum Boh. matrem Przemislai Ottogari facit Juditham; at in Calendario historico ad 15. Februarij aperto Schemate Przemislai Ottogarium filium fuisse Gertrudis affirmat. Crugerius S. J. vir historicæ nostræ peritissimus in hoc ultimo Weleslavinum sequitur, non tamen satis, cum in suo Novembri nondum edito ad 15. diem Novembris affirmat: per Fæminas S. Leopoldi sanguinem Familiæ Przemislæ infusum. Jam etiam sancti Leopoldi sororibus, (quarum secunda Leopoldi Marchionis Moraviæ Conradi filij ex sanguine Przemyslao uxor fuit) dici id possit; item de Helprich quam Borzivoius Wladislai I. R. filius in conjugio habuit, ut tradit Weleslavinus ad 15. Junij item de alia Gertrude, quæ longè post hæc tempora, post prædictæ 190. Wladislaum Marchionem Moraviæ Conjugem habuit; tamen quia hæc conjuges ex stirpe S. Leopoldi nullas omnino, aut non diu superstites, & vitæ proles genuerunt, ut neque genus Maritorum suorum propagarint, de ijs Cru-

gerius

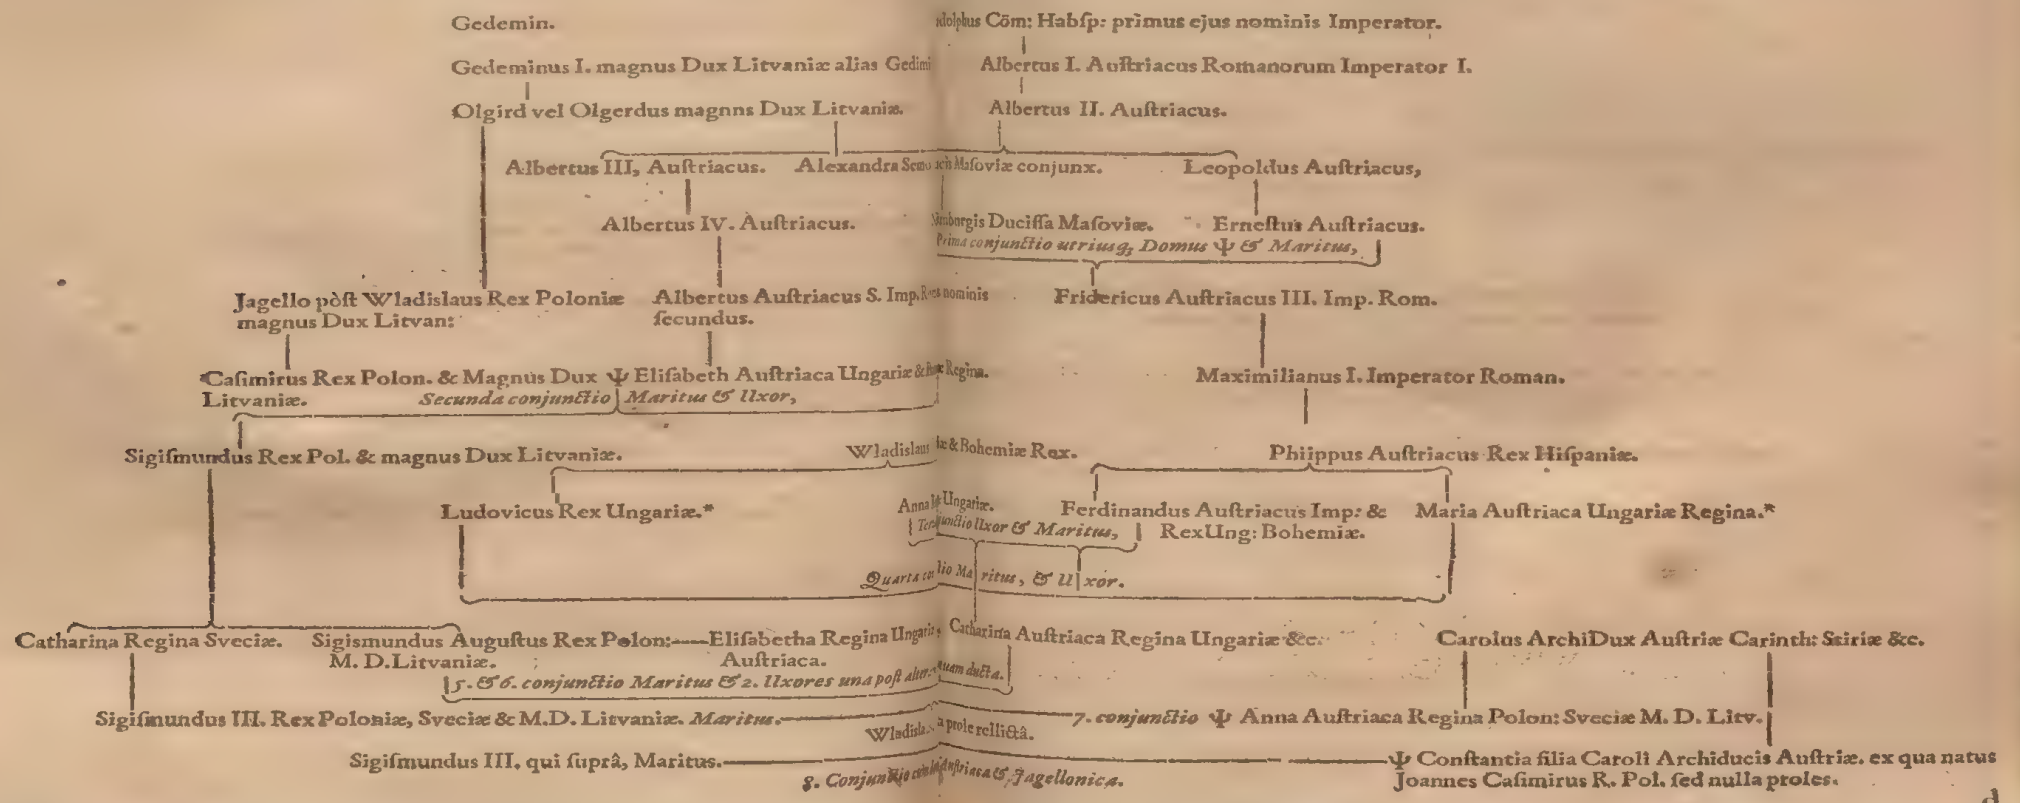

c

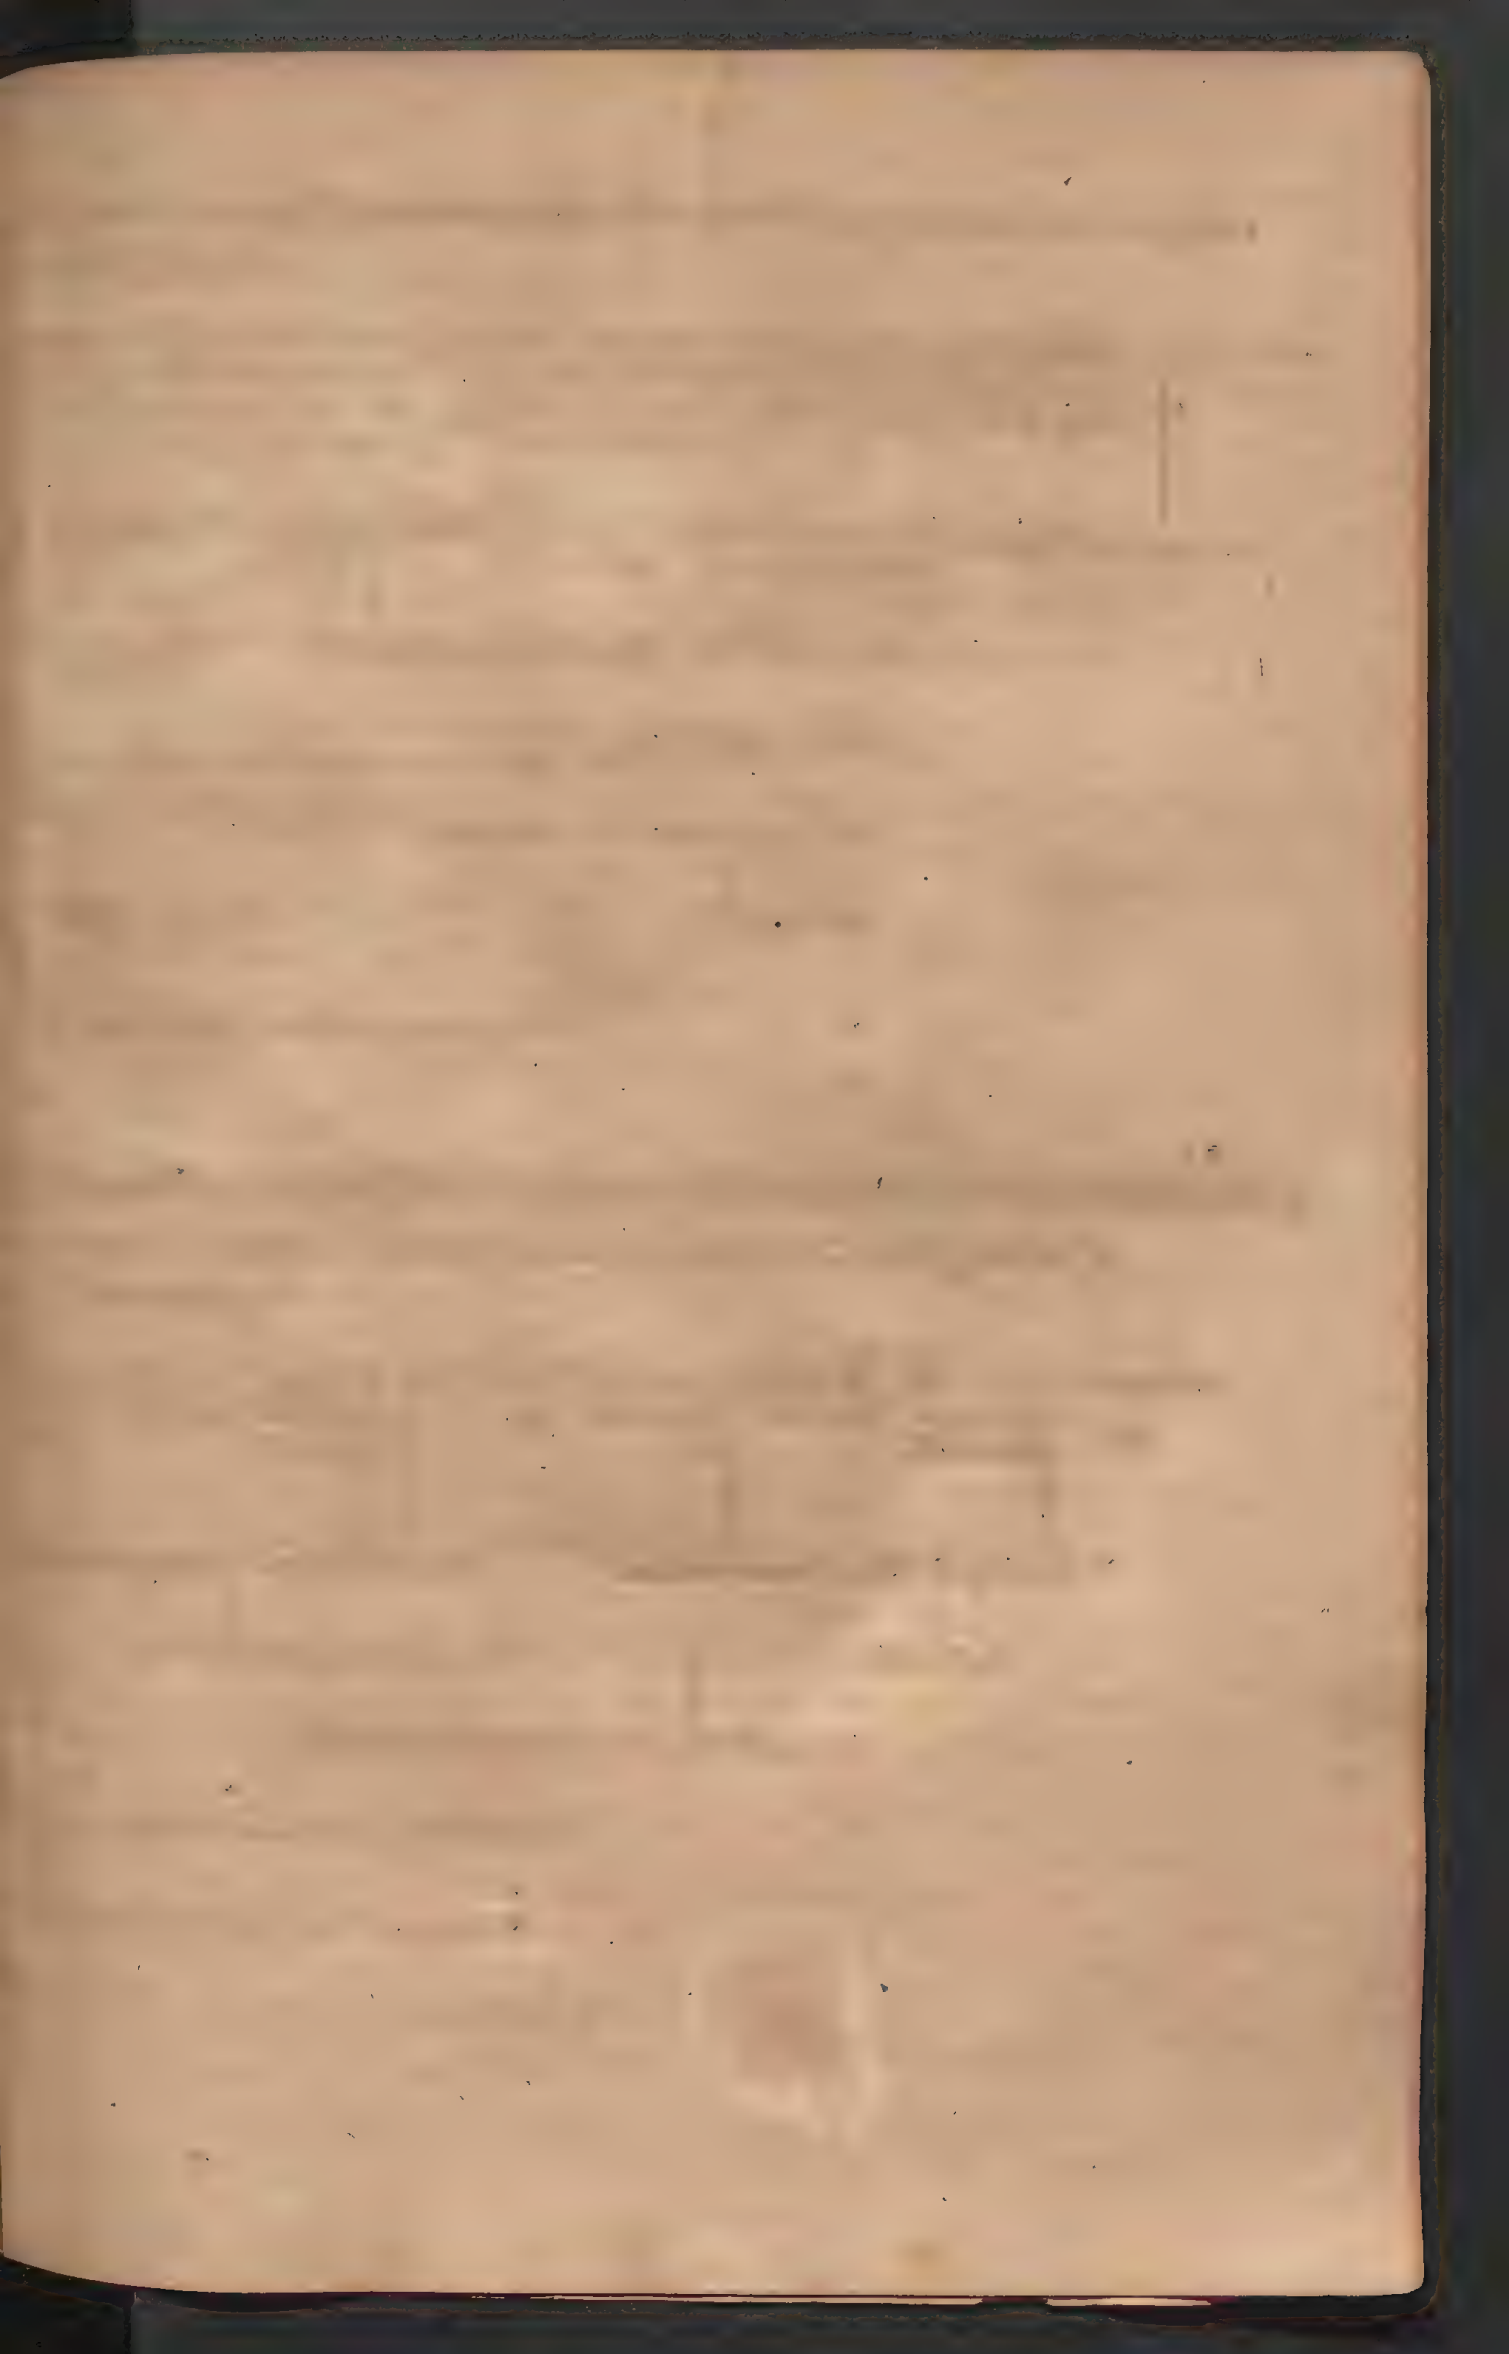

gerius loqui non potuit. Relinquitur ergo, ut de Przemislao Ottogaro I. Bohemiae sit ejus assertio intelligenda. Sed quidquid sit de Crugerio clarissime ex Chronologia, & ratione temporum probari potest Ottogarum I. Gertrudem Austriacae sobolem fuisse: cum enim constet omnium Historicorum testimonio Ottogarum octogenario majorem An. 1230. obiisse, ut in tit. sepulchri supra ejus consepulta in Basilica S. Viti legimus, idque etiam constet Wladislaum II. Regem An. D. 1153. nuptias cum Juditha secunda Coniuge sua celebrasse, non habebimus octogena & plures annos quibus vixerit Przemyslaus Ottogarus; nam ab An. 54. quò primum Przemyslaus Ottogarus ex Juditha nasci potuit usque ad An. 1230. sunt anni octoginta, sed septuaginta sex. At verò Gertrude An. 1151. moriente si ex ea priore Anno, Przemyslaus Ottogarus natus est, facile octoginta annos habebimus, ac longè magis, si citius genitus sit, cum octogenario major decesserit.

Tertiò. quæ de Gertrude uxore Hermannii Marchionis Badenensis Austriacæ traduntur, & quòd Agnetem genuerit, non omnes Genealogistæ consentiunt: nam speculum Gloriæ Austriacæ Agnetem ultimam bujus Familiei sororem Friderici Austriaci, vocat Elisabetham & fuisse filiam Ulrici Ducis Carinthiæ non uxorem (spec. Aust. l. 1. c. 13.) Reusnerus verò qui etiam Agnetis nominat Elisabetham, ait primam illam Elisabetham (quam alij Agnetem appellant) genuisse Meinhardo Comiti Tirolensi alteram Elisabetham, quæriti Coniux Alberti I. Caesaris Archiducis Austriæ. His duabus controversijs finitis nulla supererit questio, quæ moveri possit in tota Tabula, quia omnium Genealogistarum Auctoritate, & testimonio nituntur, nullo prorsus excepto. His positis quod probandum erat, probatum est: August. Cæsar. l. 1. per fæminas rectè à lineà à S. Leopoldo descendere.

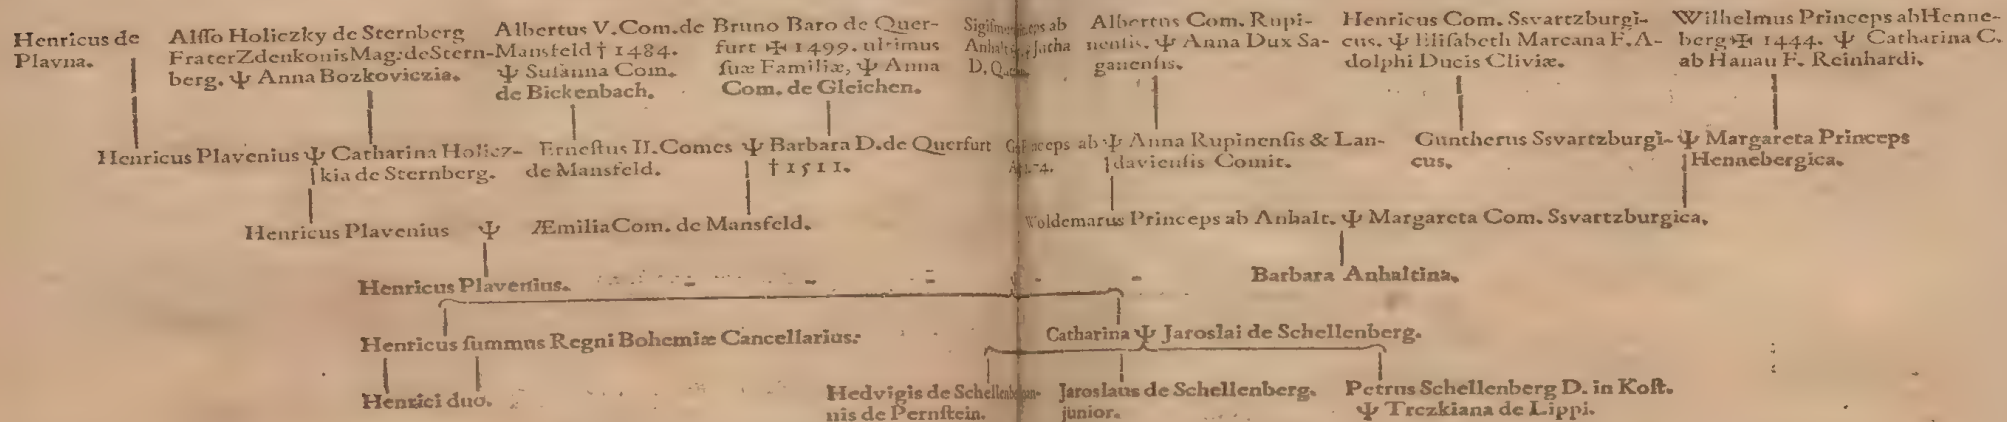

Arbor seu Genealogia Jagellonica-Austriaca, ex qua constat Domum Austriacam cum Jagellonica (quæ Polonicæ nationi inserta fuit) per matrimonia coniunctam.

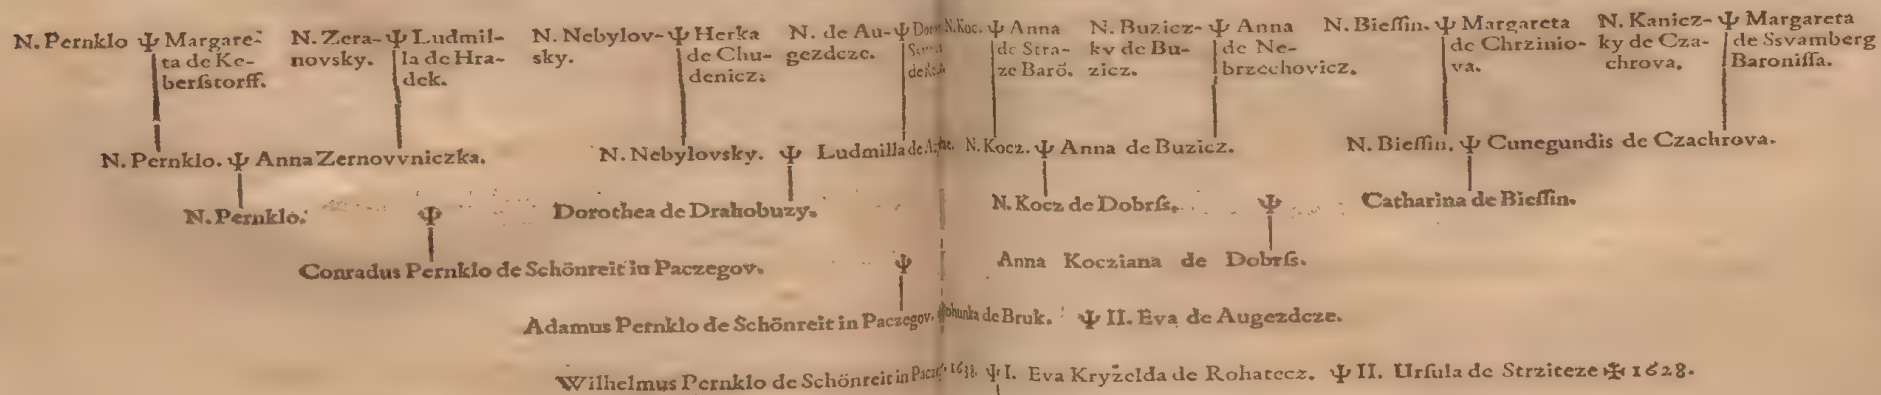

*Consignatio Genealogica Principum Anhaltinorum Et aliorum Imperij Prætorum Comitum, qui in quasdam Illustrissimas Bobemie Familias per Nurus
suas sanguinem Prætorum infuderunt.*

Ex hoc Conjugio descenderunt Trctza, & exper feminas Lobkovicz, Ssvvibovij &c.

*Proba legitima Nobilitatis Equitum Pernkloviorum de Schönreit iuxta more antiquo per Matres deducta. Tales probationes multas
invenies in Bucebalij Genealogistis.*

Illustrissimorum Comitum Millefini Bohemia, ex Marchionibus de Carreto.

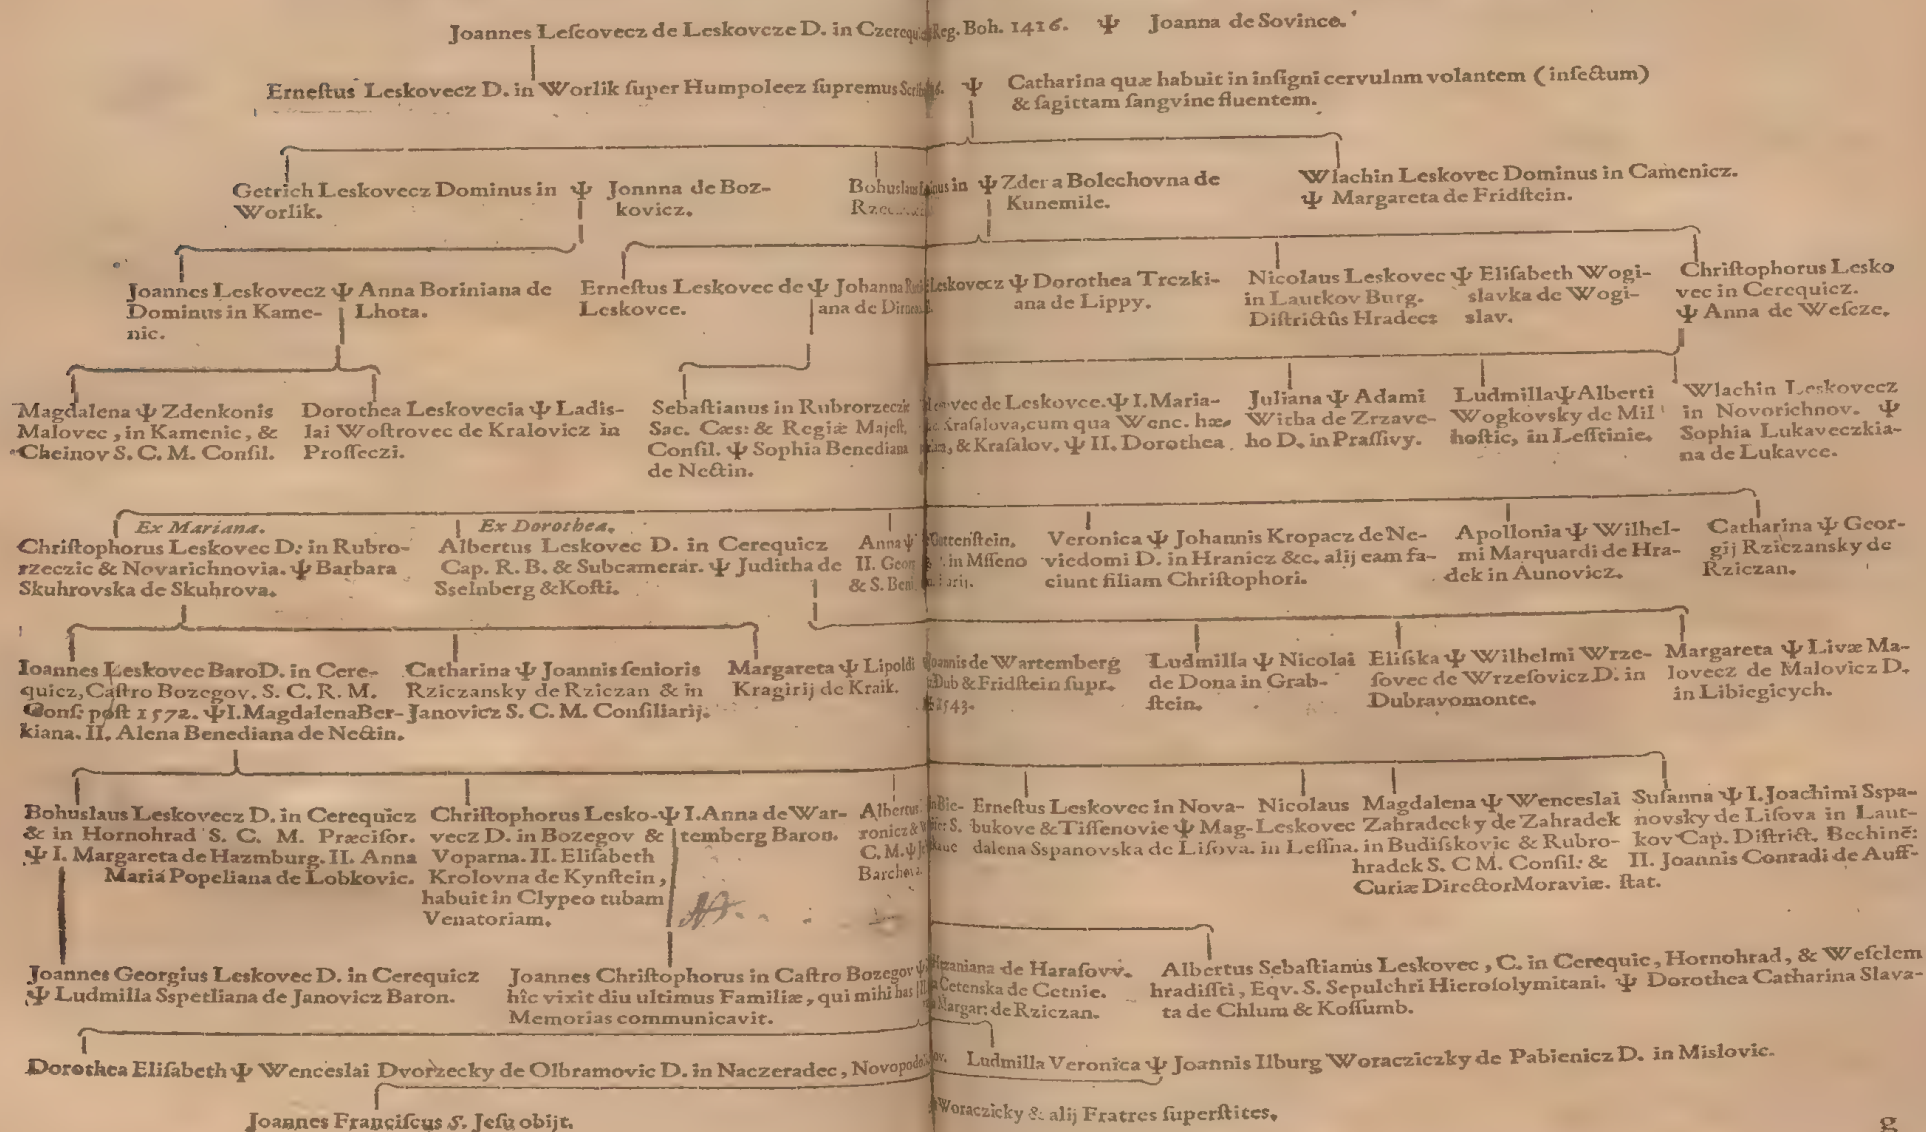

Notandum: Vidisse me Arborem maximè diffusam Marchionum Montisferratenſium, & Carretanorum, & Finarij in Italia, Savona Dominorum, quos de Milleſimo paſſim appellant; sed ob magnitudinem Tabula nolui describere, cùm mihi propositum sit eas tantum Stirpes Nobilissimas percensere, qua in Regno Bohemia confederunt, ex quibus præcipui & maxima Nobilitatis censentur, quos dixi Comites de Milleſimo Carretani. Ultra Vitichindum magnum non sum progressus, contentus Milleſimorum ſtemma ab Annis mille deducere, reliquos Majores Vitichindi plurimos adhuc annotaviſſe diligentiſſimus Scriptor Reuſnerus in ſuo Genealogico-Baſilico, in ſtirpe Vitichindaa uſque ad Dodonem Regem Saxonum, qui claruit circa An. C. 260. Eſt verò Comitatus Milleſimi in ultima Italia Regione, qui etiam Comites de Grana Milleſimi appellantur, ut in eadem Tabula me legiſſe memini. De Adelaſia Ottonis I. Imperatoris filia Alderami d.

lici ex hac ſtirpe orti amore capta, & cum eo ad Liguriſicum Montem Gareſij, vulgò Petram arduam fugientem, & carbonariam vitam agentem hiſtoria nota eſt; quam poſtea caſu Imperator Otto agnitam amplà Diſione donaviſ; inter cujus Poſteros præcipue numerantur, Marchiones Montisferrati Savona, Salutij Comites Milleſimi, caterique. Sed hæc magis ad univerſam gentem de Carreto, quàm ad particulares hujus Familia lineas certum eſt pertinere. Habent autem hujus ſtirpis Inclita Procereſ Inſigne Carrum ruſticanum Leonibus coronatis duobus tractum, in cujus medio ſuperne Clypeus viſitur militaris quinque lineis decuſſatim poſitis flavis ſignatus, ſuper Galeam viſitur media nigra Aquila expansis alis conſiſtens, cui imminet aurea corona Regalis; nihil dubitem Genealogias Italicas hanc glorioſam ſtirpem latiùs explicuiſſe, & ejus antiquitatem & memorias pertractare, nam in Genealogijs res ejuſmodi hiſtoricas tractare locus non eſt.

Memini me circa Annum 1650. vidisse aliquem ex ultimis Ssvambergicis Pragæ ostentantem vitam poscentem: is, an ex hac, an ex altera Ssvambergicorum linea ortus fuerit, cujus filius, & quo nomine appellatus sit, nullâ diligentia investigare potui.

LECTORI BENEVOLO.

Ad Genealogiam Regni nostri spectare videntur Officia Regni Hæreditaria, quæ quatuor omnino reperio: *supr.* Mareſcalli, *ſummi* Pin-cernæ, *ſummi* Dapiferi, & *ſummi* Præciſoris & Præguſtatoris munia, quæ hæreditario jure, primum quidem Lippæis, alterum Familie Wartemburgicæ, tertium Hazmburgicis, quartum Se-zymaïs de Auſti attributum erat; quorum nomina ſi recitavero, Genealogiſtis, & Antiquitatis noſtræ ſtudioſis ſatisfecero.

SUPREMI MARESCALLI HÆREDITARIUM MU-
NUS ILLUSTRISSIMÆ FAMILIÆ DOMINO-
RUM DE LIPPA.

Mareſcallos complures in Antiquitate Bohemiæ reperimus, ſed
ij non Regni univerſi, ſed Regum fuiſſe videntur: ut An.

Joannes Rex Bohemiæ, cùm *Henrici de Lippa* virtute *Pragam* occu-
paſſet, *Henrico*, & ejus Familie (quæ eandem cum *Bercis* & *Rono-*
vijs, & *Miczanijs*, & *Nachodijs* &c. originem habuit) hæreditarium
munus Mareſcallorum contulit, circa An. 1336. fuit itaque primus
ex ea gente *Mareſcallus Henricus de Lippa.*

Notandum *Paprocium* f. 245. & f. 50. ponere A. 1318. Mareſcal-
lum Regni *Simonem de Lippa*, ſed videtur error ſubefſe, & fortè le-

Posteum An. 1381. legitur apud *Paprocium* f. 166. *Hinko de Lippa supremus Regni Marefcallus.*

VI. Bertholdus.

An. 1406. legitur *Bertoldus II. de Lippa* hæreditarius Marefcallus in libris Domini de Cymburg, & in speculo Moraviae *Paprocij* f. 70. An. 1416. legitur apud *Hagecium* f. 372, *Hanus Lippæus*, sed non addito

VII. Henricus III.

Marefcalli titulo, & quia inter ultimos Proceres ponitur, verisimile est fuisse *Henrici Lippæi* filium, quem *Henricum* An. 1417. Regni Marefcallum apud *Paprocium* f. 307. & 308. & 245 legimus, quia *Simundo Imperatore Legatus* missus est *VVratislaviam* An. 1420. ut habet *Paprocus* f. 279. *Bertholdus III. de Lippa supremus Marefcallus*

VIII. Bertholdus III
Paproc. f. 230. & 310.

Bohemiae An. 1438. & 1436. hunc *Crugerius* deceptus à *Paprocio* scripsit non fuisse *Lippæum*, sed ex familia *Bozkovicia de Czerna bora*, sed refutatur ex peritissimo antiquitatis nostræ *Hodiegovino*, qui in *Notis* ad *Hagecium* disertè tradit *Bertholdum* gente *Lippæum* fuisse; *Paprocij* autoritas apud me tanta non est, ut contra *Hodiegovinum*, qui in manibus *Tabulas* & omnia publica Regni *Bohemiae* scripta habuit, valere possit. *Henricus Lippæus Marefcallus Regni Bohemiae* ab Anno minimum 1452. qui in *Tabulis Domini de Cymburg* appellatur *antiquus Marefcallus*; propter senectutem, quòd multis annis vixerit in dignitate & autoritate. Fuit etiam *Capitaneus supremus Moraviae*, cui seni successit *Victorinus Regis Georgij filius* 1466. ut habet *Paprocus* in *Speculo Morav.* videtur curis & annis fractus officio *Capitaneatus* valedixisse, quia adhuc ejus mentio fit 1469. quasi *Matthia Regis Ungariae Victorinum* prodiderit. Habuit uxorem *Barbaram*, *Georgij Regis* filiam ex qua suscepit *Bertholdum*.

IX. Henricus IV.

X. Bertholdus IV.

Bertholdus supr. Marefcallus Regni *Bohemiae* A. 1500. & 1506. (error est Typographi apud *Paprocium* in *Speculo Moraviae* f. 70.) An. 1513. Arcem *Crumloviensem* magnificè exstruxit, movit illi quaestionem *VVladislaus Rex* ut ostenderet originale *Joannis Regis*, vel *Caroli IV de Hæreditario Marefcallatu*, non potuit literas exhibere, incendio fortasse, vel bellorum temporibus amissas, sed defendit se *Bertholdus* contra Regem solâ *Præscriptione Majorum suorum*, qui se hæreditarios Marefcallos semper scripserunt, & à Regibus pro Marefcallis agniti sunt, & officium Marefcallatus ferè duobus sæculis Regibus in ferendo ense in Coronationibus, in Judicijs, & alijs Regni Panegyribus obierunt. Rex tamen si familia *Lippæa* intereat, commune Proceribus officium hoc esse volebat, sed reclamârunt Domini de *Ronova & Dube*, qui se Jus habere ad Marefcallatum dicebant, coactus est itaque Rex actionem omittere, responditque: si pereuntibus *Lippæis* Domini de *Ronov*, tanquam à *Lippæis* descendentes, probare potuerint jus *Marefcallatus* ad se pertinere, non eis se justiti-

am denegaturum. Habuit uxorem *Catharinam de Kravarz* ex qua *Henricus* est natus.

Henricus V. de Lippa supremus Marescallus Bohemie, & supremus Camerarius Moraviae, uxorem habuit *Bobunkam de Perenstein*, ex qua genuit filium *Joannem I.* XI. Henricus V.

Joannes I. de Lippa supremus Camerarius Moraviae habuit uxorem *Marianam de Sternberg*, & ipse obiit An. 1541. Hunc timidè appono, quia non legi unquam appositum illi titulum supremi Marescalli, sed ejus filio *Bertholdo VI.* sed quis præter *Joannem* ex *Lippais* Marescalli officium genere potuerit, planè non video alium. XII. Joannes I.

Bertholdus VI. de Lippa supremus Regni Marescallus, Ita Sixtus ab *Ottersdorff* in M. S. & *Paprocij* in Speculo Morav. f. 317. habuit uxorem *Susannam de Bozkovicz* ex ea geniti duo filij *Czenko* & *Joannes II.* circa An. 1565. Pater obiit vel eodem Anno vel 1575. vide *Paprocium* in Equitibus f. 36. XIII. Bertholdus.

Czenko de Lippa hic obiit certò finè liberis An. 1579. sed Marescalli titulum gessit, ut probari potest ex Constitutionibus Moraviae An. 1579. fuitq; *Hodonine* Dominus; idem patet ex Titulari. XIV. Czenko II.

Joannes II. de Lippa fratri *Czenkoni*, quia carebat liberis, successit, habuit uxorem *Magdalenam de VVartenberg*, ex qua natus est An. 1590. Joanni filius *Bertholdus Bobubud VII.* mortuus est Joannes An. 1594. & filium reliquit 4. annorum. XV. Joannes II.

Bertholdus Bobubudus, Moravo-Crumlovij Dominus supremus Marescallus adhæsit *Friderico Palatino*, & ob id Marescallatum perdidit. Obiit *Skalicij* in exilio An. 1643. relicto filio *Czenkone*, qui etiam mortuis priùs duobus filiis, quos susceperat ex filia *Ducis Brigenfis*, decessit, ante duos proximos annos; fuit Vir humanissimus, & studiorum meorum amantissimus. XVI. Bertholdus VII.

Post *Bertholdum Bobubudum* ex familia agnata *Berkarum*, supremi Marescalli officium transtulit *Cæsar ad Burianum Leonem* (quem, etiam aliqui *Zdenkonem Leonem* appellant) *Berkam*, qui obiit A. 1626. & ei successit filius. XVII.

Mathias Berka, qui in exteris Provinciis contracto morbo adhuc coelebs obiit An. 1644. quem novimus juvenem, ad magnas spes genitum; post cujus obitum *Cæsar* Marescallatum (sed non hæreditatio jure) contulit Excell. Comiti *Mathie Adamo Trautmansdorffio* A. 1645. Tinæ Domino, qui ut diu superstes sit, omnes apprecamur! sed antequam hæc ad Typum data essent è vita sublatus est. XVIII.

Hic admonere Lectorem meum velim: me nescire, utrum hic Ordo Marescallorum absolutissimus sit, cùm nullum, qui de Marescallis Bohemiae egerit, invenerim, sed quos in antiquis Memorijs & alijs

alijs Libris, & Historijs inveneram, illorum nomina posuerim; itaque potuit aliquis Lippæorum meam diligentiam effugere; benignus Lector, si quem neglexi, condonabit, nominatim post Henricum ejus nominis IX.

Secundò. Vir Amicus dum viveret, & Patriæ historiæ scientificus scribit: *Ottogaram Regem III.* Camerarij supremi & supremi Judicis munus instituisse; *Ottogaram* verò *V. Regem* gladij coram se gestationem induxisse, quorum nihil admitti potest, quia longè ante eos hæc munia viguerunt, licet non uni familiæ propria: de Marescallis certissimum est, nam *Cosmas* lib. 3. Historiæ Bohemiæ (qui tum vivebat) narrat, An. 1099. *Brzetislaum Ducem Bohemiæ* *Holslao* Poloniæ Ducis filio dedisse in Aula sua munus, Ensis ante se ferendi. & *Ensiferum* seu Marescallum suum constituisse, ut probavi in *Epitome Boh.* Lib. 3. C. 8. in fine.

fuit à Mathia factus Marescall.

Tertiò. defectu monumentorum, non possum scrupulum solvere, quem mihi fecerunt Libri Erectionum T. 5. p. 1. ubi expressè *Przedbor de Kunov* Marescallus Regni Bohemiæ appellatur, qui tamen familiâ Lippæus non fuit. Alter scrupulus facile solvitur de *Vilbelmo Pernstein*, qui supremus Marescallus Regni Bohemiæ in ipsi literis *Mathie Regis*, An. 1484. appellatur; quia scilicet *Henricus Lippæus Barbaram* habuit in conjugio Regis *Georgij* filiam, & *Matthias* adversarius Regis *Georgij* capitalis cum se Regem propriâ autoritate constituisset, Marescallum sibi quem voluit, nominavit.

Hinko Dapifer A. 1278. sub LL. Dominorum *de Bibrstein*.

Hos solos in antiquitate *Dapiferos* inveni, jam ad *Hereditarios Dapiferos* veniamus.

Primus *Zbinko V.* ejus nominis in stirpe sua vetustissima, *Wilhelmus* magni militiæ Ducis (qui ob peregrinationes *Transmarinus* est appellatus) filius, Arcem suam *Zebrak*, cui Rex *Joannes* inhiabat & aminebat maximè, ultro & sponte Regi A: D. 1336. vendidit, cum eo facto maximam apud Regem gratiam iniisset, pecuniâ recusatâ *adina* (quæ nuper adeo *Templariorum* Equestri ordine deleta, in regis ditionem venerat) decedi sibi petijt, impetravitque, tum illud præterea additamentum, ut Præfecturâ mensæ Regiæ, & Dapum, terendarum hæreditario jure Familia sua exornaretur. Concessit illi *Joannes Rex*, & publico decreto Patre mortuo *Carolus* Filius An. 1350. confirmavit. Zebracensi verò Arce (quæ etiam *Mentemburgici*, ob amoenissimum loci situm, cœli salubritatem pluresque alias viciniæ dotes, alteram Arcem, in alto prærupto ac prope accessio monte condiderunt, cui *Wenceslaus* Cæsar & Rex Bohemiæ nomen indidit *Tocznik*, propterea quòd aliter mons separari non posset, nisi multo circuitu, ut facilè ter aut quater præfidiarijs offerre, & sub ictum venire cogatur; hæc Arx hodièque viciniam omnem defendit, at illa prior, quam *Zebrak* vocari diximus, in rudibus stat aut jacet potiùs, quam *Ziſka* cum suis An. 1420. totit & flammis corruptit. Primus itaque in hæreditaria *Dapiferi* dignitate Regni vixit *Zbinko*, cui etiam *Carolus Imperator supremi Camerarij* munus adjecit. Obijt Heros inclytus An. 1368. 31. Decem:

II. *Wilhelmus* in Familia sua ejus nominis III. *Zbinkonis* natum filius hæreditatem dignitatis Paternæ adivit, in eaque ad sæculi finem Annum 1380. (non ut *Crugerius* posuit 1393.) summa cum

Primus Dapifer *Zbinko*, & quis ille fuerit.

II. *Wilhelmus*.

gloria vixit, felicitate Proles à DEO dignatus; quippe ex *Anna de Lobkovicz* quinque aut sex prolibus, quæ summam Familiæ gloriam conciliârunt, susceptis, genuit inter alios laudatissimum illum Præsulem Pragensem *Zbinkonem*. Quibus de rebus L. V. Miscellaneorum multis in locis egimus, vitâmq; ipsam *Zbinkonis* L. 4. Miscell. conscripsimus. Obijt plenus gloriâ *Wilhelmus* an: 1380. 22. Septembris ut *Lupacius* & *Weleslavinus* consentiunt.

III. *Ulricus*

III. *Ulricus* in stirpe sua hujus nominis VII. *Wilhelmi* III. filius quâdiu hæreditatem Familiæ gesserit non satis constat; *Crugerius* suspicatur obiisse *Ulricum* circa An. D. 1408.

IV. *Nicolaus*

IV. *Nicolaus* tertio genitus *Wilhelmi* III. filius (nam *Ulricus* Frater senior jam decesserat) jure ætatis (quæ perpetua lex in Hæreditarijs honoribus Procerum Regni fuit) *supremi Dapiferi* munus adiit. Veteres *Hazmburgicorum* Memorix eum Regi *Wenceslao*, dum saperet, gratissimum, & mirè gratiosum, atque ideo autoritate & potentiâ apud omnes validum significant. Vitâ excessit *Nicolaus* An: 1425.

V. *Wilhelmus*

Wilhelmus, *Wilhelmi* IV. (qui *Ulrici* & *Nicolai* frater erat) filius nullo adversante, & litem movente *Dapiferi* honorem obtinuit. Vir heclorei pectoris: in *Hussiticis* bellis strenuam Rei Catholicæ navavit operam; quo stratagemate *Slanam Regionalem* & potentem id temporis Urbem occupârit, narratur in Historijs, per hujus herois facinora maximè effectum videtur, nè *Sigismundus Imperator* patrio Regno omnino excideret. Obijt *Wilhelmus* An. 1441.

VI. *Zbinko*

VI. *Zbinko* ejus nominis VIII. *Wilhelmi* V. maximus natus post Patris mortem *Dapiferi* dignitatem gessit. Ejus meritum in *Fridericum* III. Imperatorem celebratur maximè, quòd eum à suis subditis Civibus *Viennensibus* obsessum, contra Imperatoriam Majestatem, propè captivum periculo exemerit inter præcipuos *Bohemici exercitus* Duces. Obijt Vir militaris An: 1463.

VII. *Nicolaus*

Nicolaus II. *Nicolai* I. *Dapiferi* filius (quòd *Zbinko* sine hæreditibus obiêrit) cum dignitate *supr. Dapiferi Arcem Hazmburg* totamque illam ditionem hæreditate adivit, filij quoque ejus *Joannes* I. & *Ulricus* singuli ex hæreditate Patruum *Zbinkonis*, quadraginta millia sexagenarum, ita Patruo ultimâ voluntate statuente, sunt donati, obiit *Nicolaus* circa An. 1470.

VIII. *Joannes*

VIII. *Joannes Nicolai* II. major natus filius summus Regni *Dapifer*, insuper *Judex Curix Regum Georgij* & *Wladislai* postea etiam *supremus Regni Judex* A. 163. & annis seqventibus, denique probitatis & doctrinæ merito *supr. Cancellarius*. anno 1473. evadit. Ejus laudator præcipuus fuit *Bobuslaus Lobkovic*, ut in Tom: II. ejus Operarum legimus. Uxorem Nobilissimam *Annam Oppaviensis Ducis* stir-

Anna de stirpis ultimam duxit. A. 1451. ex qua *Nicolaus III. Joannes II.* (utrumque successu temporum *Dapifer*) *Agnes Zdenkonis de Sternberg Regni Burgravij* uxor, alijque liberi sunt geniti. Obijt *Anna Mater* anno 1474. Ipse verò *Joannes* ter *Eques* aureatus ob militarem virtutem anno 1495. Hæc omnia ex ejus Epitaphio *Budinae* in templo in Marore notata descripsi. Habetur etiam ejus vita ab ipso *Joanne* conscripta in *Bibliotheca Viennensi Casarea*, sed elegans & tanto Heroö dignum Epitaphium, *Joanni* confecit simillimus illi virtute & doctrinâ *Lobkovicius*, ut ante dixi.

IX. *Nicolaus III. Joannis I.* filius senior à morte Parentis, *summus Dapifer*, vix anno unico gessit dignitatem; excessit enim è vitæ An: 1496.

X. *Wilhelmus Joannis I.* alter filius annis tribus *Dapifer*, obiit anno 1499.

XI. *Joannes II. Joannis I.* tertio genitus filius omnium suorum clarissimè *Archidapiferi* dignitatem obivit, siquidem ab anno 1499. usque ad An. 1553. vitam produxit & *Dapiferi* titulum annis 54. gessit; Conjugem Nobilissimam habuit *Margaretam Münsterbergicam* filiam *Caroli Ducis Münsterbergensis Comitis Olsnicensis & Glacensis*, ab: *Gubernatoris ex Saganensi Ducissa* genitam, quæ obiit An: 1551. Quam post annos duos secutus est senex maritus magnæ Vir authoritatis apud Reges anno scilicet 1553. relictis quatuor melioris sexûs liberis *Wenceslao, Nicolao, Georgio & Christophoro*.

XII. Mortuo *Joanne II. Dapiferi* dignitatem adivit *Wenceslaus* *epus de Hazmburg* non alio quàm ætatis privilegio, cùm esset gravis *Strakonicij* Prior Equitum *Melitenium*; habuit is Patrem *Christophorum de Hazmburg*, Avum verò *Wilhelmum I.* quem decimum ordine *Dapiferum* posuimus. Obijt *Wenceslaus* anno 1578.

XIII. *Nicolaus Joannis II.* primogenitus filius Patrem *VVenceslaum* in dignitate secutus; uxores habuit duas, primam *Salomenam Janovic* Spetliorum stirpe, quæ sinè prole An: D. 1567. diem claustræ extremum; secundam *Annam de Lomnicz*, quæ ei genuit *Hedvigmam & Joannem*, ipse verò vitâ excessit anno 1585.

XV. *VVilhelmus II. Georgij I.* (quem *Joannis II.* numero XI. fuisse diximus) filius, ex *Praxede Liczkiana de Ryzmburg* genitus, multos habuit fratres, ut *Joannem, VVenceslaum &c.* sed omnibus his in pueritia extinctis ipse unicus filius & senior Familiæ ad se juvenis Ope hereditario devolutum munus suscepit, sed paulò post morte secutâ A. 1598. amisit, Familiâ jam ad paucissimos redactâ, ex Conjuge enim sua

XVI. *Joannes Zbinko de Hazmburg ex Anna de Lobkovicz*, ut dixi, unicus filius, sanguinis & omnium ditionum & honorum hæres. *Paprocij* summus Patronus, quem is pro eo ac merebatur à doctrina, virtute, & religionis Catholicæ studio & denique à magnificentiâ (amplissimis Arcibus velut è fundamento excitatis, Arce in *Missa* no, in *Hostenicz*, in *Brozan* & domo magnifica in parva *Praga* extructâ) fuit egregiè literis humanioribus excultus à Nostreis prius *Praga* deinde *Dilingæ*; Jura etiam *Ingolstadtij* audivit & *Appellationum* in Regno *Præsès à Cæsare Rudolpho* creatus, ex Coniuge lectissima stirpe *Minguiciana* duos filios, & filiam unicam genuit demum fato concessit An. 1616.

xvii. Ioannes.

XVII. *Ioannes Ioannis Zbinkonis* major natus filius Paternâ maximâ hæreditate, quam Pater totam ferè dilapidaverat, aut adificando consumpserat; (sed magis *Alchimie* insano studio, quâ nec ipsi *Cæsari Rudolpho* concedere gloriabatur) exutus, fortunam literis quæsit, sed nescio quem impulsorem secutus ad militiam se contulit; & bene primum res procedebat: nam à pedite gregario gradatim ab hasta ad Vicariatum Colonelli pedestris ascendit; verum à suis, qui ei honorem invidebant, ut dicitur, desertus, cum captus hosti servire nullis conditionibus induci posset, ad *VVratislaviam* An. 1631. gloriôsè occubuit.

xviii. Jaroslaus.

XVIII. *Jaroslaus alter Ioannis Zbinkonis* filius simili pressus infortunio natali, in *Aula Cæsaris Ferdinandi III.* aliquot continuis annis nec quicquam expectavit fortunam. Ductâ deinde Coniuge, & susceptis duobus liberis, qui adolescentes mortui, & ipse decessit 1663.

Duravit Nobilissima Familia lineâ maternâ ex *Croci Ducis* sanguine, Paternâ verò ex *Bivogo Heroë* sæculis illis celeberrimo, Anno 1400. amplius cum *Czecho* in *Bohemiâ* adveniens, omnia Regni Ecclesiastici: *Zbinko Pragensis Archiepiscopus*, *Hinko Argentoratensis Præsul.* Præpositi ad S. A Vladislao R. B. Patre Regis Ludovici hæc dignitas hæreditaria esse coepit, cum antè ambulatoria fuerit, ut sic dicam. Sunt tamen qui *Ladislauum Regem*, qui *Georgium* antecessit faciant authorem, qui scilicet primus Proceres *Sezymas de Austi* (quam Civitatem Taboritæ ut in Epitome narravi, diruerunt, ædificatâ ex ejus ruderibus *Urbe Taboriensî*) hæreditarios Regni *Præcifores* constituerit; sed qui hoc asserunt, nunquam ullum Sezymam de Austi proferre poterunt, qui ante A. 1496. Præcisoris hæreditarij titulum gesserit. Sezyma de Austi (quem *Papro.* nominat) A. 1478. in literis Joannis de Hazmburg cum Duce Oppav. Compositorijs, velut testis subscriptus est (*Sezema de Austi*, & in *Austa*) nihil tamen additum de *Præcifore*. Idem Sezema apud *Lupacium* mortuus ponitur An. 1487. (*Sezema ex Ustiek*) sine titulo *Præcisoris*. Existimo igitur *Vladisiaum* Reg. qui A. 1496. officia Regni digessit, *Sezymeis* hanc dignitatem contulisse.

Illustrissimorum Dominorum CC. de WALDSTEIN Generalis, tam Stiepanicensium, quam Dobrovicensium, & Lomnicensium & quocunque nomine appellabantur, sive in Bohemia, sive in Moravia usque ad Waldsteinios hodie viventes, quam Illustrissimam stirpem superesse bono patriæ omnes exoptant, à me ex Templo Dobrovicensi, & Hermanicensi, atque ex Templo Glogoviæ superioris exscripta, & ex antiquissimis monumentis excepta; quam in ultimo loco, (scilicet Glogoviæ) Comes ab Oppersdorff Georgius, utpote Isoldæ de Waldstein Domina in Lomnicz filius, curavit in marmore alabastrino exsculpi.

Horum omnium Genealogiam in alia Tabula, uti & posteritatem in alia attulimus, quam consulat Lector.

Scire oportet, hanc Genealogiam ad perfectum adductam non esse: tum quia Moravica linea Waldsteiniorum absque in fine, tum quia tanta fuit Waldsteiniorum multitudo, ut in Genealogiam redigi non possent: tum quia initio hujus seculi multi ex his solum verterunt, ut Albertus Waldstein Ducis Fridlandiae Alberti Consobrinus, qui post Victoriam in Albo monte in Poloniam & commune tum asylum Exulum Bohemorum Lessnam Religionis causa recessit. Hic Albertus habuit solum sibi cognominem, qui Giezinij literis operam dedit cum aliis duobus Waldsteinij Bertholdo & Georgio Adamo &c. Est ite omissus Ladislaus Burianus de Waldstein ex Brtnicensi linea & quatuor suis filiis: cujus altera filia nupta D. Henrico de Bubna Comiti genuit D. Franciscu de Bubna Comitem, superstitem Zamberga Dominu. Porro non potui per generationes (ut hactenus feci) hanc Genealogiam ordinare quia non potuit tanta multitudo Waldsteinioru Singulis lineis comprehendi. Faciebat Illustrissimae & Excell. TABULA GENEALOGICA

Illustrissimorum Bohemici Procerum de STERNBERG cum Cognomine HOLICZKIORUM, quantum cognosci potuit omissis Collateralibus.

157

Scire oportet hæc Genealogicas Tabulas tam Holiczkiorum, quam Sternbergicorum absolute dictorum, non eâ ratione à nobis proponi, quasi nullus unquam Sternbergicorum inveniatur, qui in his tabulis non sit nominatus, sed illi soli positi sunt, quorum Patrem certo potuimus nominare. Nam alioqui multitudinem maximam Sternbergicorum invenimus, sed non licuit eorum Parentes defectu Memoriarum adducere, quod sit etiam sæpe in omnibus Europæ antiquissimis Familijs.

Nota: quòd quidam Genealogistæ (ut Buccellinus) hunc faciant ordinem Genealogicum:

Ulricus Holiczky de Sternberg. ♀ Anna de Rziezan.
Joannes de Sternberg. ♀ Sidonia C. à Guttentein.
Ottogarus de Sternberg. ♀ Anna de Raupov.

Dorothea de Sternberg. ♀ Comitissæ de Fürstenberg.

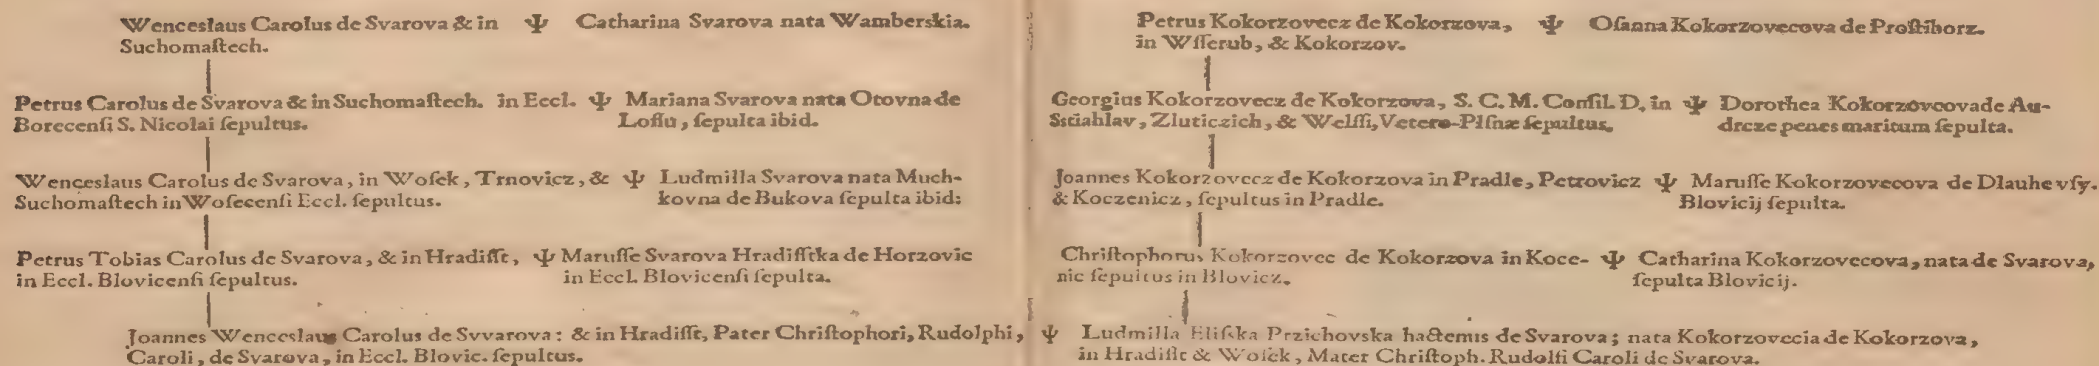

Atq; ita Wenceslaus I. Holiczky esset Pater Joannis, non filius. Ego rem in medio relinquo. Periculosius judicent; conciliari possent sententiæ, si Wenceslaus I. alio nomine Udalricus vocatus fuisset, & eundem Wenceslaum & Udalricum faceremus.

This image shows a blank, aged, cream-colored page, likely an endpaper or flyleaf of a book. The paper has a slightly textured appearance with some faint smudges and discoloration, characteristic of old paper. The left edge of the page shows the binding of the book, and the overall tone is a warm, off-white or light beige.

GENEALOGIA

Militarium Equitum Pietipesky, qui atate nostrâ omnes sunt extincti. Origo prima Stirpis hujus ob nimiam Antiquitatem ignoratur, sed jam unus aliquis ejus stirpis anno 1159. à Cæsare Friderico I. Eques Auratus ad Mediolanum ob virtutem militarem creatus est, quod scilicet primus in flumine Abdua vadum exercitui invenisset, primusque transiisset. In ejus facti memoriam novum Clypeum, scilicet in campo candido caruleum flumen accepit. Ejus nomen fuit Odolanus de Chyfs Filius Trziškonis Hagek. in Anna. Boh.

An. 1409. in Tabulis vetustis invenitur Nicolaus Pietipeskx de Egerberg Scriba Regni Bohemiæ, seu Protonotarius Tabularum, filius Augustini, ita M. S. Ecclesiæ Pragenfis.

Wenceslaus Pietipesky & Magdalena de Ssebirzovv.

Wenceslaus D. in Tuzetin & sine prole. Hunc Wenceslaum puto illum esse Wenceslaum electum à Ferdinando I. 1538. ex omnibus Bohemis Ducibus Generalem Ducem exercitus Bohemici, & iterum 1546. adversus Turcas, & Miczaniana de Klinstein.

Joannes Pietipesky & Catharina de Tuchorzic. Henricus & Cœlebs.

Joannis Charvat de Bernstein. Albertus miles Cataphractorum Ducor in bello Saxonico, ubi est vulneratus, contra Turcas felix maxime ad Keredes & Erlau, sed hic oppressus multitudinem Turcarum occisus est, postquam plurimos Turcas in prælio sua manu trucidasset, & Barbara Hrussovka. Leopoldus & puer. Nicolaus. & I. Margareta F. Alberti Netvor-sky. & II. Elisabeth Sadliana cum qua genuit F. Catharinam. Georgius Pietipesky D. in Chotovicz. & Sadliana.

Wilhelmus & Cœlebs. Maruska. Joanna. Eva. Odolanus. Wenceslaus obiit pueri. Joannes Georgius. Joannes Albertus. Barbara & Friderici de Daupova. Elisabeth &c. obierunt puella. Felix Wenceslaus involutus in Rebellionem An. 1618. gratiam impetravit à Cæsare, habuitque filium, qui à Domino M. insidio, se in lectulo jacens pro mortuo relictus est. Praga nostrâ memoria inermis, cum esset miles & heros inclutus, & sic tota familia periit. Fridericus Ludovicus Wenceslaus. Odolanus. Dorothea. Elisabeth. Tobias. Magdalena. Mariana.

BENEVOLO LECTORI

SALUTEM.

BSolvi tandem *quartam Tabularij Genealogici Bohe-*
miae Partem (cujus Indicem hoc loco subieci) nullo
ordine dignitatis aut antiquitatis servato; quod ne-
cessarium fuit, nè in odia incurrerem Nobilitatis, quæ
nimium delicatum & fastidientem stomachum habe-
re solet, unde tot eorum lites sanguine diluuntur.

Dulce est desipere in loco, ait Horatius; erit etiam sapientis ordinem
aliquando perturbare, qui alioquin est *anima disciplinæ*, sed odium pe-
stilens est Venenum, quod velis & remis fugiendum est scriptori, si
labores suos in vulgus probari exoptat. Præluxere mihi in hac sapien-
ti, ut ita dicam, Ataxia prudentissimi Genealogiarum scriptores,
Bucellinus, *Philippus Spenerus*, & in Genealogijs Gallicis Vir Clarissi-
mus & Amicissimus *Imhoffius* ac cæteri, quos imitari in maxima laudis
parte repono.

Aristot.

Alterum obijcitur, quod ex Amicis inaudivi: me non omnes
Boëmiæ Genealogias adducere & earum aliquas valde tenuiter & obi-
ter tractasse. *Novū crimen C. Cæsar*, & ante hunc diem inauditum? quis
id à me flagitet, aut exigat quod non volui, aut non potui? *nemo est la-*
tro libera voluntatis, ut dicebat Epictetus, substituant isti & suppleant,
quod deest, & vel unicam Tabellam conficiant, & deprehendent aliud
esse *quidam* aliud *quidam* Alij accusant deesse nonnunquā nomina, quæ per
literam N. sæpe indicantur. Qui istud obijciunt clarè demonstrant, se
paucos Genealogiarum libros inspexisse; nolo nominare palmares &
primæ notæ Genealogistas, qui cū nomina, vel familiam nesciunt
(quòd obliviosa Antiquitas ea nobis non tradiderit) solenne illud &
Romanum imitati N. L. nomen loco N. apponunt. II. Amico-
rum fidem testari possum: me nihil omisisse industriæ, & laboris, ut
qvàm plurimas Familiarum Geneses cum nominibus suis & Majori-
bus ritè confectas nancisci possem, literas quæquaversum misisse, orâs-
se, supplicasse; quædam impetravi, à plerisque nihil: conscissa esse ab
hostibus, ambusta incendijs, antiquitate temporum perijsse, responde-
runt; quidam curas suas & officij causabantur, per quas, otij tantum
non haberent, nec sinerentur Majorum suorum chartas excutere ma-
gnam partem vietas, corruptas, & laceras; alij quorum res agebatur
maximè, ut me fallerent, promittebant omnia, atque ita me ad illam
spem hiantem, per tres, & quatuor amplius annos deluserunt, fru-

tratiq̃ue sunt, & (q̃uod maximè indignor) non cessant hodièq̃ue pro-
mittere. poenam igitur suæ negligentia à me sustineant: *altum de*
Majoribus suis in Tabulario meo silentium.

III. Inveniuntur nonnulli tam rudes Genealogiarum, & fasti-
liosè delicati, ut omnes Majorum suorum fratres, filios & filias, ne-
potes ac neptes & quidem ordine nascendi, vivos & mortuos &c: Ti-
ulos denique omnes, & officia nominari sibi postulent. Quis hoc
patienter ferat, aut quomodo id exigi potest ab homine Religioso, q̃vi
Musæolo suo ita continetur, ut in eum Senecæ de Vacia dictum valere
possit in Janua Villæ inscriptum: *hic Vacia situs est* &c. quis, inquam,
aud exigit, aut quo jure aut exemplo hæc petuntur à nobis? nihilo-
minus cū potui & ad manum fuere talia adijcere non neglexi. Q̃uod
superest, humillimè supplico, ut si quæ Illustres Familia Majorum suo-
rum Genealogias domi asservant, aut etiam de alienis, ubi locorum
careant, indicium facere possint, mecum communicare dignentur:
promitto quantum in me erit fidelem & gratum animum, &
perennem memoriam.
